IKEA®

MAKING DREAM KITCHENS FOR YOU

We've been developing kitchens for nearly 50 years now. It's been a fantastic journey of learning, listening to people, testing and always aiming higher to meet people's idea of a dream kitchen. We design them to be tough, work optimally and feel good for you to spend time in for many years to come. And, for this to happen, quality has to be as important as style and function. We are so confident of the quality of our METOD kitchens, we offer you a guarantee to prove it.

A kitchen that lasts, and works for you in your everyday life, should also be a smart kitchen that makes it possible for you to take the steps you want to live more sustainably. This is why we offer waste sorting solutions, taps that help you save water and appliances that are energy efficient. They may seem like small things, but that's the beauty of small actions – they all add up. And the best part? You'll not only be saving on the planet's resources, but these are solutions that help you save money too.

With our IKEA kitchens, you also have the freedom to design your own price tag. Not just because they're so customisable, but also by choosing the level of services you need. Whatever you decide, we offer full support before, during and after purchase.

As creating a better everyday life for the many people is the IKEA vision, we always strive towards making simple, daily activities a true joy for you to engage in. And to bring beauty and function together at a price that make a dream kitchen affordable for you.

TORHAMN

When choosing an IKEA kitchen, you don't have to compromise on quality, nor on good looks. Take TORHAMN fronts as an example. The details in the doors add an air of craftsmanship to the kitchen while the warmth and colour variations in the wood create a natural welcoming feeling.

The ash veneer has different grain patterns, depending on how the logs are cut and grown, making each TORHAMN front unique.

Approx. measurements only.

GET READY TO COOK

In the top drawer close to where you cook, add a perfect fit cutlery tray in hardwearing bamboo for storing cooking utensils. Keep your pots and pans in the drawers underneath. That way you have easy access to what you need, when and where you need it.

FIND THE FOOD

It's practical to have dry food you use a lot close to your preparation area. In the inside drawer at the top we've used inserts for spice jars for storing spices, and underneath we've added food containers sized to fit the drawers perfectly.

SET THE TABLE

Store your plates at the bottom and add bowls and other dinnerware above. Continue with a drawer including all your cutlery and finish it off with placemats and napkins at the top. Use drawer mats to dampen sound and protect the drawers against scratching.

To see all our drawers and interior organisers pick up a copy of the IKEA kitchens buying guide from your local IKEA store, or browse it at **IKEA.sg/kitchens**

Choose the right lighting

OMLOPP LED spotlight behind glass doors displays what's inside while illuminating the kitchen with a pleasant mood light at the same time.

HITTARP

The traditional style of these HITTARP fronts is balanced with a modern lighting approach. To get efficient work light as well as cosy mood light fully integrated in your new kitchen, plan it in from the beginning. At IKEA you'll find easy to install kitchen lighting specially designed for wall cabinets and drawers.

Steps to buying an IKEA® kitchen

IKEA kitchens are designed so that you can install them yourself. To the right are some steps to ensure the process goes well for you. Should you have any questions, don't hesitate to talk to our kitchen experts at the IKEA stores or visit us at: **IKEA.sg/kitchens**

FIND YOUR STYLE
It's time to dream a little, look at some ideas, consider your needs and decide what an ideal kitchen means for you. This brochure is made to give you an overview of some of the possibilities but there is so much more. You can find more ideas and inspiration on our website or by visiting the IKEA stores.

MEASURE
When measuring it's important to take your time and get your measurements correct. This will form the foundation of all your planning. To see exactly what to measure, pick up a copy of the planning guide, Your new IKEA kitchen, the IKEA stores or at **IKEA.sg/kitchens**

PLAN
Planning your kitchen is when your dreams and ideas take shape. Use the online IKEA Home Planner tool to start planning your kitchen. Or, if you would like some advice we have kitchen planners ready in the store to help.

ORDER
When you're satisfied with your planning, visit the IKEA store and talk to our kitchen experts. They will go over your kitchen plan with you, and help you with anything you're not sure about. When you are ready you can order and we can help with delivery.

INSTALL
IKEA kitchens are designed to be installed by you, but we're here to offer as much help as you feel you need. You can start by picking up the Installation guide from the store which gives step-by-step instructions on installing your kitchen.

→ **We can do it for you**

Services

You can do it yourself, but you don't have to

Our broad service offer gives you the freedom to design your own price tag by choosing not only the products that suits your budget but also deciding how much you want to do yourself and how much you want us to do for you. On this page you'll find the different services that we can offer to help and support you. For more details about our services, talk to a co-worker at the IKEA stores or visit us at **IKEA.sg/services**

KITCHEN PLANNING
We don't want you losing sleep over planning your dream kitchen. Our kitchen planning specialists will help you. We specialise in making the best use of space so you get a kitchen that suits the way you live and in the style that suits you.

DELIVERY
Can't take your furniture with you? We'll bring it to your home. We don't just stop at your front door - we take it to whatever room you want.

PICKING WITH DELIVERY
Tell us what you want to buy, and we can pick it and deliver it for you. How about that? We'll pick the products you want and arrange delivery to your home. All you need to do is place the order. We will handle the rest.

ASSEMBLY
Sometimes it's nice to have someone else put your furniture together. We're happy to do it for you. Getting us to put it together can be a real time-saver. You can book the service for anything from a single piece of furniture to all your kitchen cabinets.

MEASURING
Details matter. That's why we take the time to measure your space before the planning begins.

Measuring includes:
- Floor plan measurements, including length, width and height of the room
- The construction materials, angles and condition of walls
- Dimensions and positions of windows and doors
- Positioning of electricity outlets, water, plumbing and other fixtures
- Identification of other special conditions to consider for both installation and delivery
- Done directly in the IKEA Home Planner
- A standardised checklist to ensure complete fulfilment of the service

KITCHEN INSTALLATION
We'll install your new kitchen for you and coordinate the job from start to finish. Before installation begins we do a final check that the order is right and the measurements correct. Professional kitchen installers will handle all those time-consuming jobs like fitting sinks, taps, and laminate and wooden worktops. Your kitchen will be installed to the highest industry standards.

Kitchen installations includes:
- All cabinets assembled and installed
- Installation of laminate and wooden worktops, including cut-outs for the sink/hob
- Installation and connection of sink, tap, IKEA electric appliances and IKEA worktop lighting
- Installation of side panels, handles and interior fittings (shelves, baskets etc.)

GENERAL INFORMATION

Conditions for the guarantees
The guarantees are valid from the date of purchase at IKEA. The original purchase receipt is required as proof of purchase.

Exclusions
The guarantees do not apply to products that have been stored or assembled incorrectly, used inappropriately, abused, misused, altered, or cleaned with wrong cleaning methods or wrong cleaning products.

The guarantees do not cover normal wear and tear, cuts or scratches, or damage caused by impacts or accidents. The guarantees do not apply if products have been placed outdoors or in a humid environment or if the products have been used for non-domestic purposes (unless otherwise stated). The guarantees do not cover consequential or incidental damages.

Care instructions
To be able to rely on this guarantee you need to follow the specific care instructions for every product. You will find all care instructions in the IKEA stores and on the IKEA web site: IKEA.sg

General legal rights:
This guarantee gives you specific legal rights. This guarantee does not, in any way, affect the rights given to you by law.

How to reach us if you need service:
Contact your local IKEA store. You will find the address and phone number in the IKEA catalogue or at IKEA.sg. Save your sales receipt as proof of purchase. Proof of purchase is required for the guarantees to be valid. To find out more pick up the guarantee folders in your local store.

What will IKEA do to correct the problem?
IKEA will examine the product and decide if it's covered under this guarantee. IKEA will then, at its choice, either repair the defective product or replace it with the same or a comparable product. In these cases, IKEA will be responsible for the costs of repairs, spare parts, labour and travel for repair staff that IKEA incurs, provided that the product is accessible for repair without IKEA incurring additional expenditure to gain access. This will not apply in cases where repair work has not been authorised by IKEA. Any defected parts removed in the course of repair works will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. IKEA will decide at its discretion, what will constitute an appropriate replacement.

Note
We reserve the right to adjust our prices according to any other changes beyond our reasonable control, e.g. major currency fluctuations.
