Certificate of Conformance

December 17, 2015

Dear Customer,

This letter is to certify that all products provided by Leader Tech, Inc. are manufactured to conform to the European ROHS 2 Directive, Restriction of use of certain Hazardous Substances, (2011/65/EU) which has an effective date of June 8, 2011. Additionally, all products conform to the REACH guidelines according to http://echa.europa.eu/reach_en.asp as of December 2015 and do not contain or exceed the allowable limit of any restricted chemicals listed in SVHC. Any changes in the REACH guidelines will void this certification.

The materials used in the manufacturing of products are in compliance with all material and/or manufacturing specifications indicated in drawings or specifications as called for on the purchase order. Physical, Electrical and/or Chemical test reports are on file with us or our suppliers for examination and indicate conformance with applicable specifications.

Any Purchase Order requesting non-compliant materials or finishes would void this Certificate of Compliance.

Should you have any further questions, please feel free to contact your Account Executive or myself. We at Leader Tech are pleased to be able to support your EMI/RFI shielding needs.
