[Sample language that outlines a vendor's understanding and agreement to comply with the San Diego Polystyrene Foam and Single Use Plastics Ordinance]

San Diego Polystyrene Foam and Single Use Plastics Ordinance special event vendor agreement

This agreement must be signed and returned to the event planning management prior to the event in order for your business to participate. **City of San Diego Ordinance O-21030 prohibits the distribution of products made from polystyrene foam (commonly known as "Styrofoam"), and restricts the distribution of certain single-use plastic straws and utensils from special events as of February 23, 2019**.

All vendors:

- May only distribute plastic or bio-plastic straw and utensils upon the request of the customer and/or provide them at self-service stations.

- Are **prohibited** from providing Styrofoam food service ware, meat trays, egg cartons, coolers, and pool or beach toys.
    - Food service ware includes bowls, plates, trays, cups, hinged containers, or other similar items designed for one-time use for prepared foods.

As a vendor participating in (edit and fill in name of event), I agree to comply with the San Diego Polystyrene Foam and Single Use Plastics Ordinance, and understand the type of equipment and services that I will need to provide. I will NOT distribute polystyrene food service ware, meat trays, egg cartons, coolers, or pool or beach toys. I also agree that if my business is using plastic or bioplastic straws and utensils that these items will only be distributed upon the request of the customer or offered to customers at self-service stations.

I understand that failure to comply with these requirements may result in enforcement remedies set forth in San Diego Municipal Code Chapter 1.
