

# PAY FOR PLAY MEMBERSHIP Ph: 3379 6322

In an attempt to move with the times and offer time poor golfers an attractive membership alternative, the Oxley Golf Club has introduced Pay for Play membership. The Club sees this as a opportunity to allow golfers who have limited availability to play golf, due to other commitments, the ability to be a member of a club, have a handicap and play in club competitions, all at a reasonably priced figure .

With a small upfront payment to meet administration and affiliation costs, players are then able to access the course with the payment of a fee. What is unusual with this new membership is that it allows FULL access to the course and the ability to compete in normal club competitions, yes even Saturdays.

The Club is confident that their current 7 day members will not be inconvenienced as this new category will have restricted access to the Saturday timesheet, which at this point is limited to 14 days in advance. With currently 30 to 40 vacant time slots available most Saturdays the club feels that both full members and pay for play members can be accommodated.

Below is listed the benefits and conditions of this innovative membership category:

**For the payment of \$300 you get the following:**

- Full 7 Day access to the course, compete in Club competitions, including Saturdays.
- Golf Australia Handicap.
- Full use of the Practice Facilities.
- Member pricing in the Clubhouse and Pro Shop.
- Access to our Reciprocal Club network.
- Invite your friends at Member Guest rates.
- Currently No Joining Fee.
