“The project was managed very well throughout and it took away from us all the hassle, anxiety and work involved. The standard of the work done by the contractor was excellent and we were pleased that you picked up the few snag items and followed through very effectively. The project was completed on time and to budget and Hamptons were able to re-let at a much improved rent.

Throughout you have been a pleasure to deal with and very efficient.”

Westminster Client

“Hamptons Interior Solutions are THE solution! They completely understood what we wanted at once. They were sensitive to our budget and to the fabric and age of the building, they sounded exactly the right note with the colours, new bathroom and kitchen fixtures, lighting and carpets. The work was excellent, on time and the flat left impeccably clean. I would recommend Hamptons unreservedly.”

Holborn Client

“As the owner of a four storey home in Chelsea, I recently employed the services of Hamptons Interior Solutions to renovate and restore the property in between tenancies. The Interior Solutions team did an excellent job identifying the necessary work to renovate the property, put the tasks out to bid and managed the entire process to a successful conclusion. They did a thorough and high quality job from beginning to end, and I could not be more pleased.”
