

An Important Message from Medicare

*“Paying less for
my Medicare?”*

“I’m open to that.”

It’s Medicare Open Enrollment—time to see if you can find:

- Lower premiums · Extra benefits · Higher quality · A plan that better fits your health needs ·

Be open-minded as you compare plans:

Look at **all** your Medicare health plan choices for 2019, including prescription drug plans and Medicare Advantage Plans from private insurers.

Plans change every year. So can your health needs.

Even if you are happy with your current plan, it may be changing costs, coverage or both for 2019:

- Read the Annual Notice of Changes mailed to you by your plan.
- Check the plan formulary—the list of covered prescription drugs—to make sure yours are covered.
- Look for plans that best meet your changing health, life and financial needs
