ATTACHMENT TO SALES CONTRACT

EXHIBITOR: _____ **SALE ORDER #** _____

Resale credit - this is a credit off of your total purchase because the animal was resold (as part of a lot) to our resale buyer. This resale credit amount for each division is announced prior to the start of the sale. It is important to let the fair know how you want that credit distributed among the buyers listed. You may choose to give that amount to the exhibitor in addition to the bid price. To do so, check below. If you wish to give that credit to the buyers listed, be sure to indicate how it should be distributed.

- ☐ Check here to have the full amount billed to one buyer.
- ☐ Check here to have the total split evenly among all buyers listed.
- ☐ Check here to have the resale credit go to the exhibitor (in addition to the bid price).
