

CEO Resignation Letter 2018

Martin Harris | April 3, 2018

Dear Friend,

I wish to share with you that I am resigning my position as Chief Executive Officer of Webster-Cantrell Hall, effective May 31, 2018. I shared this with my Board President in February, 2018, as after 44 years in leadership capacities of social service organizations, both in the United States and Canada, it is time for me to step down, enjoy retirement, and turn this organization over to a younger individual who can take Webster to the next level of achievements.

I have greatly enjoyed my three and a half years at Webster and much has been accomplished. I shall miss the young people and families we serve, staff, and board members and the many supporters of this worthy organization. Both my wife and I shall be leaving Decatur and we greatly enjoyed living here and meeting so many wonderful people.

Webster-Cantrell Hall is a very special organization with very gifted staff members. Their commitment and energies on behalf of vulnerable children, youth, and families is the strength of our organization. Please continue to support this worthy organization in serving our most at risk children.

I thank you for your commitment to Webster-Cantrell Hall over the past few years and the opportunity to serve as the CEO of this very special organization.

Best Regards,

Martin Harris MA

CEO, Webster Cantrell Hall
