Roommate Agreement Form

Honest and respectful communication is essential for building a positive relationship with your roommate(s).

This Roommate Agreement offers you the opportunity to discuss potential “problem areas” with your roommate(s). Future problems can be diverted if agreements regarding these issues are reached early on in the semester.

We hope that by discussing the areas addressed in the Roommate Agreement you and your roommate(s) will begin to develop a relationship conducive to positive academic, community, and personal growth. We also hope that this process will eliminate or lessen the possibility for future conflict between you and your roommate(s).

Please feel free to approach your Peer Counselor with any questions or concerns that you may have regarding this process. ***Once you have completed this form, please submit it to your Peer Counselor.***
