The request shall specify the reason for the request, the estimated duration of the assignment, and the days and hours that the employee will work. The approval of the Department Director and the City Manager or his or her designee is required.

The Department Director shall notify the employee of the schedule change at least thirty (30) calendar days before the effective date. An employee who is unwilling to work the reduced schedule will be subject to dismissal.

406.07 **Annual Review.** The City Manager or department director may review positions in a reduced work schedule status as necessary, but at least annually during the budget process.

406.08 **Reduced Work Schedule Discontinuation.** A reduced work schedule may be discontinued at the request of the employee, or upon direction of the City Manager and/or the Department Director when it is determined to be in the best interest of the city that the position be returned to a regular workweek.

406.08.01 In the event the decision to terminate the reduced work schedule is not a voluntary request of the employee, the Department Director shall notify the employee in writing, at least thirty (30) calendar days before the reduced work schedule is to terminate.

406.08.02 The city may terminate employment of a reduced work schedule employee who does not return to a forty (40) hour workweek after being directed to do so.

406.09 **Permanent Work Schedule Reduction.** A Department Director may request, during the budget process, that a position be permanently reduced to a thirty (30) hour workweek if it is determined that the duties required of the position can be performed in a reduced workweek schedule.

406.09.01 Upon approval, an employee in a position to be permanently reduced shall be notified in writing of the change at least thirty (30) days prior to the effective date.

SECTION 4 - CONDITIONS OF EMPLOYMENT

406.09.02 Compensation and benefits for permanent reduced work schedule employees will continue as described above.

406.09.03 Once a position has been permanently reduced, it cannot be reinstated to a full-time position without approval through the budget process.

406.10 **Reclassification of Vacant Positions.** This policy shall not apply to the reclassification of a vacant position from full-time to a part-time position. A request for such reclassification shall be processed as part of the budget preparation process.

406.11 **Appeal.** An employee whose reduced work schedule request is denied, is directed to work a reduced work schedule or to return to a forty (40) hour workweek schedule and does not desire to do so, may appeal the directive by following the appeal procedures set forth in *Section 8, Policy 802 – Employee Grievance and Appeals*.

401.12 **Approval and Effective Date.** This policy was approved by City Council on April 5, 2016 by Resolution No. 16-011 and is effective April 15, 2016. It supersedes all previous policies.

407 RESIGNATIONS

407.01 **Notice of Resignation or Retirement.** Employees are encouraged to provide a two week notice to facilitate a smooth transition out of the city. Employees will not be allowed to rescind a resignation or retirement whether given verbally or in writing once the resignation has been confirmed by the employer. Employees who wish to discuss the possibility of resigning or retiring are encouraged to do so before making a final decision.

407.02 **Form of Notice.** All resignations shall be confirmed in writing. Employees who verbally resign will receive a confirmation of their resignation.

407.03 **Accrued Leave.** The use of accrued paid leave may not be used during the last two weeks of employment.

407.04 **Pay in Lieu of Notice.** The city reserves the right to provide an employee with two weeks' pay in lieu of notice in situations where job or business needs warrant. Such a decision should not be perceived as reflecting negatively on the employee, given that it may be due to a variety of reasons. The Director of Human Resources shall be consulted prior to providing pay in lieu of notice.

401.12 **Approval and Effective Date.** This policy was approved by City Council on April 5, 2016 by Resolution No. 16-011 and is effective April 15, 2016. It supersedes all previous policies.

408 DISMISSAL

408.01 **Dismissal.** The discharge of any employee is considered to be a very serious situation that requires a carefully conducted prior review. Accordingly, no supervisor is authorized to cause the discharge of any employee without prior review and approval. This review and approval will involve at

SECTION 4 - CONDITIONS OF EMPLOYMENT

least one other member of the management team, most typically the supervisor's manager and a representative from Human Resources.

- 408.02 **Appeal.** An employee may appeal the dismissal by filing an appeal in accordance with *Section 8, Policy 802 – Employee Grievance and Appeals*.
- 403.06 **Approval and Effective Date.** This policy was approved by City Manager Shana Yelverton on April 6, 2016 and is effective April 15, 2016. It supersedes all previous policies.

503 ATTENDANCE

- 503.01 **Policy.** To maintain a safe and productive work environment, the city expects employees to be reliable and punctual in reporting to work. Employees are expected to be at their work stations and ready to work at their scheduled start time.
- 503.02 **Absenteeism and Tardiness.** Absenteeism and tardiness are disruptive and place a burden on the city and on co-workers. Either may lead to corrective action, up to and including termination of employment.
- 503.02.01 **Reporting.** In the rare instance when an employee cannot avoid being late to work or is unable to work as scheduled, the employee shall personally notify the supervisor by phone, text or e-mail as soon as possible in advance of the anticipated tardiness or absence in accordance with departmental procedures. The employee shall disclose to the supervisor whether the absence or tardiness is approved Family Medical Leave or sick leave and the date and time of anticipated arrival.

504 DRESS AND GROOMING STANDARDS

- 504.01 **General.** The City of Southlake desires to project a positive and professional image of employees representing the city. Employees are expected to dress in a conservative, professional manner that is appropriate to their position and to observe good habits of grooming and personal hygiene. Presenting a professional image creates a favorable impression for the city, promotes confidence in the services the city provides, promotes respect among co-workers, and encourages higher working standards. Employees must remember that they are professionals 100% of the time and are dressing for business, not for pleasure. Attire must always reflect a professional business attitude and presence.
- 504.02 **Policy.** The Department Director shall determine which dress standard is applicable in order to maintain acceptable dress and appearance. Employees may be held to different standards, depending

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

upon the work assignment. This policy provides guidelines for appropriate appearance, uniform, and grooming of employees.

- 504.03 **Application.** This policy applies to all employees at all times. An employee who is in doubt as to which dress standard applies should contact his or her supervisor.

Police and Fire Department employees may be covered under Departmental policies regarding appropriate dress and appearance.

- 504.04 **Formal Business Dress Policy.** Professional business attire shall be worn when there is a need to present a more formal professional appearance for meetings or special events. Suits, dress shirts and ties for men and suits or dresses for women are proper attire for personnel when:

- i. Duties involve constant contact with the public where more formal business dress is appropriate or desired;
- ii. Representing the city during formal presentations, City Council, Board and Commission meetings, or attending community meetings;
- iii. Representing the city in appointments outside the city offices; or
- iv. At professional association meetings, when appropriate.

- 504.05 **Business Casual Dress Policy.** Business casual dress allows the employee to dress in a neat and professional appearance, but is considered less formal than the formal business dress standard. Generally, staff who work indoors or in an office are required to wear business casual dress, unless the formal business dress is more appropriate or provided an exemption by the City Manager or designee. Department Directors and supervisors are responsible for ensuring the business casual dress standard is adhered to in order to maintain acceptable dress and appearance.

504.05.01 The following standards apply to employees subject to the business casual dress policy:

- i. Males. Examples of appropriate dress include dress or khaki pants, long sleeve shirts with banded collars, short sleeve sport shirts, golf shirts, polo shirts, and button-down shirts. Shirts must have sleeves and be tucked in at all times. Appropriate footwear shall be worn with socks. Ties are not required.

Examples of inappropriate dress include tee shirts, sleeveless shirts, flannel shirts, jeans (any color or type), shorts, sweat suits, sandals, flip-flops, and canvas or athletic-type shoes.

- ii. Females. Examples of appropriate dress include skirts, dresses, ankle length dress pants or ankle length khaki pants. Shirts may include long or short sleeved blouses, sleeveless blouses with a jacket or sweater, short sleeve sport shirts, turtlenecks, golf shirts, or button down shirts. Appropriate footwear includes dressy sandals, dressy boots, heels, and loafers. Skirts and dresses

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

shall be worn no shorter than four (4) inches above the top of the knee when standing.

Examples of inappropriate dress include tee shirts, tank tops, flannel shirts, strapless tops, halter tops, sleeveless shirts without a jacket or sweater, sleeveless dresses without a jacket or sweater, shorts, jeans (any color or type), leggings, capris, sweat suits, casual sandals, flip-flops, and canvas or athletic-type footwear.

- iii. All employees shall refrain from wearing apparel that is provocative or revealing, low-cut, body-hugging, backless, see-through, tank top style, excessively tight, excessively short, wrinkled, ripped, tattered, soiled, or contains obscene messages or endorses alcohol, tobacco, drugs, pornography, or offensive materials of any kind.

504.06 **Uniformed Dress Policy.** Department Directors shall determine which positions are required to wear uniforms and shall establish uniform standards for each position. Employees are expected to comply with the uniform standards as established by the department. The city shall provide uniform attire to the employees required to wear uniforms.

504.06.01 The following standards apply to employees subject to the uniform dress policy:

- i. Employees shall maintain each piece of the uniform in a clean and neat appearance, insofar as is practical.
- ii. Each employee shall notify their supervisor of uniforms that have become worn, faded, ripped, torn, stained, or otherwise unfit for service.
- iii. City-owned or authorized uniforms may not be used outside of work, for personal use or by any third party. No part of the uniform shall be worn when off duty, except to and from work and at city related events.
- iv. Some positions may wear jeans as part of their standard uniform dress; however, this provision shall not apply office staff.

504.07 **Grooming.** Each employee shall maintain a personal hygiene, grooming and general appearance standard that is neat, clean, professional, reflective of the city's philosophy on pride and professionalism, and is commensurate with accepted general business practices.

Such grooming standards prohibit exotic, ostentatious, gaudy or other similarly unprofessional appearances. Examples include, but are not necessarily limited to spiked hair, mohawks, visible body piercing (except for earrings), obscene tattoos, unkempt or unclean hair, a lack of personal hygiene, or scraggly facial hair. Facial hair shall be kept clean and neatly trimmed.

Nothing in this policy shall prohibit a supervisor from restricting clothing or other personal grooming attributes that may create a safety hazard based on the employee's job duties.

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

- 504.08 **City Logo Wear.** An employee shall refrain from wearing attire that displays the city's logo except when on duty, representing the city, or in route to or from such duty. Further, wearing such attire while engaging in conduct or activity that by virtue of the association discredits the city or places either the employee or the city in disrepute or discredit is prohibited.

Employees may wear informal apparel such as a t-shirt or ball cap, which displays the city logos while off-duty and not otherwise engaging in activity that by virtue of the association discredits the city or violates a city or departmental policy.

- 504.09 **Exceptions.** The city's dress and grooming standards apply in normal work situations; however, there may be instances where exceptions may be made by the City Manager or his/her designee. For example, the City Manager may permit office staff to wear jeans for a special event, training, holiday, or team building.

- 504.10 **Enforcement and Compliance.** It is the employee's responsibility to be in compliance with dress and grooming standards. Employees in violation of this policy may be sent home. Under such circumstances, non-exempt employees will not be paid for the work time missed. Failure to comply with established standards may result in appropriate corrective action. Department Directors and supervisors are responsible for enforcing this policy in their respective departments in order to maintain acceptable dress and appearance.

- 504.11 **Return of Clothing upon Termination.** When an employee terminates, uniforms and any other city equipment which the employee possesses must be returned in good condition before final pay will be authorized. The cost of lost or damaged city property and unreturned uniforms shall be deducted from the employee's final paycheck.

- 504.12 **Approval and Effective Date.** This policy was approved by City Manager Shana Yelverton on April 6, 2016 and is effective April 15, 2016. It supersedes all previous policies.

505 DRUG FREE WORKPLACE

- 505.01 **General.** It is the desire of the city to provide an alcohol and drug-free, healthy, productive and safe workplace. To promote this goal, employees are required to report to work in appropriate mental and physical condition to perform their jobs in a satisfactory and safe manner.

- 505.02 **Prohibition against Alcohol and Illegal and Unauthorized Drugs.** While on city premises, while on duty, while conducting city-related business or other activities off premises, while driving a city-owned or leased vehicle, or while operating or using other city-owned or leased property or equipment, no employee may use, possess, distribute, sell, or be under the influence of alcohol (except under the limited circumstances described below), inhalants, illegal drugs, including drugs which are legally obtainable but which were not legally obtained, and prescribed or over-the-counter drugs which are not being used as prescribed or as intended by the manufacturer.

- 505.02.01 **On-duty and Pre-duty Use.** Reporting for, or remaining on, duty requiring the performance of safety-sensitive functions is prohibited under the following conditions:

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

- i. While having a breath alcohol concentration of greater than 0.00 as indicated via breath test;
- ii. While using alcohol; or
- iii. Within four (4) hours after using alcohol.

505.02.02 **Prohibited Drug Use.** An employee shall not report for duty or remain on duty when using or after use of any controlled substances, except when the use is pursuant to the instructions of a licensed medical practitioner who has advised the employee that the substance will not adversely affect the employee's ability to safely operate a city-owned or leased vehicle, or while operating or using other city-owned or leased property or equipment.

505.03 **Prohibition against Illegal and Unauthorized Drug-Related Paraphernalia.** This policy also prohibits the use, possession, distribution and sale of drug-related paraphernalia while on city premises, while on duty, while conducting city-related business or other activities off premises, while driving a city-owned or leased vehicle, or while operating or using other city-owned or leased property or equipment. Drug-related paraphernalia includes material and/or equipment designed for use in testing, packaging, storing, injecting, ingesting, inhaling or otherwise introducing illegal or unauthorized drugs into the body.

505.04 **Permissive Use of Prescribed and Over-The-Counter Drugs.** The legal use of prescribed and over-the-counter drugs are permitted while on city premises, while on duty, while conducting city-related business or other activities off premises, while driving a city-owned or leased vehicle, or while operating or using other city-owned or leased property or equipment only if it does not impair an employee's ability to perform the essential functions of the job (or operate the vehicle, property or other equipment) effectively and in a safe manner that does not endanger the employee, citizens or other individuals in the workplace. Examples of impairment include, but are not limited to, slurred speech, drowsiness, dizziness, confusion, or feeling shaky.

505.05 **Police Department Employees.** Certain city Police Department employees may be required to be in possession of alcohol and/or illegal drugs in carrying out their job duties. Such employees will be exempted from certain portions of this policy under certain limited conditions. Additional guidelines may be established by Police Department operating procedures.

505.06 **Mandatory Disclosure by Employees.** Employees taking prescription medication and/or over-the-counter medication shall report such use to either their Department Director or to the Director of Human Resources if there is a reasonable likelihood the medication will impair the employee's ability to perform the essential functions of his or her job (or operate a vehicle, property or other equipment, if applicable) effectively and in a safe manner that does not endanger the employee, citizens or other individuals in the workplace. Examples of impairment include, but are not limited to, slurred speech, drowsiness, dizziness, confusion, or feeling shaky.

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

- 505.07 **On-Call Employees.** Employees scheduled to be on call are expected to be fit for duty upon reporting to work. Any employee scheduled to be on call, and who is called out, is governed by this policy. Sometimes, an employee who is not scheduled to be on call may nevertheless be called out. If this or any other situation occurs where the employee called out is under the influence of alcohol or has a presence of drugs in the system, such that reporting to work would result in a violation of this policy, the employee must so advise the appropriate supervisor on duty. The employee will not be required to report to work.
- 505.08 **Mandatory Reporting of Arrests and Convictions.** Employees must notify their immediate supervisor and the Department Director, in writing, of any alcohol or drug-related arrest and/or convictions (including a plea of nolo contendere) or deferred adjudication, for a violation occurring off duty and/or in the workplace no later than twenty-four (24) hours after the arrest and/or conviction.
- 505.09 **Off-Duty Conduct.** The city may take corrective action, up to and including termination of employment, if an employee's off-duty use of or involvement with drugs or alcohol is damaging to the city's reputation or business, is inconsistent with the employee's job duties, or when such off-duty use or involvement adversely affects the employee's job performance. Any employee reporting to work under the influence of illegal drugs or alcohol may be disciplined, up to and including termination.
- 505.10 **Rehabilitation/Treatment.**
- 505.10.01 It is the city's desire to assist employees who voluntarily request assistance with alcohol or drug dependency. For city support and assistance, however, an employee must acknowledge the problem and seek and accept counseling and/or rehabilitation before it impairs job performance and/or jeopardizes the employee's employment.
- 505.10.02 Employees with drug or alcohol problems that have not resulted in, and are not the immediate subject of, corrective action may request approval to take a leave of absence to participate in a rehabilitation or treatment program. (An employee may not enroll in a rehabilitation or treatment program in lieu of corrective action.)
- 505.10.03 The employee is responsible for all costs associated with any rehabilitation or treatment program.
- 505.10.04 During time off for a city-approved rehabilitation or treatment program, the employee shall use and exhaust any available vacation leave, sick leave, and compensatory time off.
- 505.11 **Policy Violations.** Violations of this policy will generally lead to corrective action, up to and including immediate termination of employment. The Police and Fire Departments may have stricter disciplinary rules regarding violation of this policy. Employees with questions or concerns about substance dependency or abuse are encouraged to discuss these matters with their supervisor

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

or the Director of Human Resources to receive assistance or referrals to appropriate resources in the community.

505.12 **Drug and Alcohol Testing.**

505.12.01 Types of Tests. Testing may include one or more of the following: urinalysis, hair testing, breathalyzer, intoxilyzer, blood, or other generally-accepted testing procedure.

505.12.02 Testing of Applicants. All applicants to whom a conditional offer of employment has been made will be required to submit to testing for alcohol and illegal and unauthorized drugs. A positive test result, refusal to test, or attempts to alter or tamper with a sample or any other part of the test, will render the applicant ineligible for consideration of employment or future employment with the city.

505.12.03 Testing of Employees.

- i. Employees may be tested for alcohol and/or illegal and unauthorized drugs for the following:
 - a. After a workplace injury or accident or “near miss;”
 - b. When reasonable suspicion exists; or
 - c. In connection with any required treatment or rehabilitation.
- ii. Police and Fire Department employees are also subject to any applicable departmental rules and regulations regarding illegal and unauthorized drug and alcohol testing.
- iii. For purposes of this policy, reasonable suspicion is a belief based on articulable observations (e.g., observation of alcohol or drug use, apparent physical state of impairment, incoherent mental state, changes in personal behavior that are otherwise unexplainable, deteriorating work performance that is not attributable to other factors, a work-related accident or injury, evidence of possession of substances or objects which appear to be illegal or unauthorized drugs or drug paraphernalia) sufficient to lead a supervisor to suspect that the employee is under the influence of illegal or unauthorized drugs or alcohol. Supervisors who refer an employee for reasonable suspicion testing shall contact Human Resources and document the specific factors that support reasonable suspicion testing (e.g., the who, what, when, where of the employee’s behavior and other symptoms, statements from other employees or third parties, and other evidence supporting the reasonable suspicion testing). See Section 505.12.04 for additional testing procedures.
- iv. Tests will be paid for by the city. To the extent possible, testing will normally be done during the employee’s normal work time.

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

- v. Any employee who refuses to be tested, or who attempts to alter or tamper with a sample or any other part of the testing process, will be subject to corrective action up to and including termination.
- vi. A positive test result is a violation of this policy and may result in corrective action up to and including termination of employment. Any employee who is terminated for violation of this policy is ineligible for future employment with the city. (see 505.02)
- vii. The city has additional obligations when testing for controlled substances and alcohol for those employees regulated by the U.S. Department of Transportation. Please see the city's Drug and Alcohol Policy for DOT Employees for additional information.

505.12.04 Testing Procedures.

- i. All testing must normally be authorized in advance by both the employee's supervisor and the Director of Human Resources or his or her designee. If the supervisor, or his or her designee, is unavailable within a reasonable period of time, the Director of Human Resources or his or her designee may, with sole discretion, authorize the testing of an employee. If the Director of Human Resources, or his or her designee, is unavailable within a reasonable period of time, the Department Director may, with sole discretion, authorize the testing of an employee. For reasonable suspicion testing, testing may not be authorized without the supervisor's documentation of the articulable factors which led the supervisor to suspect that the employee is under the influence of illegal or unauthorized drugs or alcohol. Testing should be arranged as soon as possible after the supervisor's articulable observations.
- ii. If an employee's conduct resulted in a work place accident, injury or "near miss," or reasonable suspicion exists to believe that the employee has violated this policy, the employee shall be provided with transportation to the testing facility. A supervisor or other designated city representative may be required to stay with the employee during the testing process. The city may, in its discretion, reassign the employee or put the employee on administrative leave with pay until the test results are received. The city shall make arrangements to have the employee transported home after the testing if necessary.
- iii. All substance abuse testing shall be performed by an approved laboratory or healthcare provider chosen by the city. All positive test results shall be subject to confirmation testing.
- iv. Test results shall be maintained in a confidential file separate and apart from the employee's personnel file. Any medical-related information will

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

be confidential and accessible only by Human Resources; supervisors and managers on a need to know basis.

- 505.13 **Approval and Effective Date.** This policy was approved by City Manager Shana Yelverton on April 6, 2016 and is effective April 15, 2016. It supersedes all previous policies.

506 DRUG AND ALCOHOL POLICY FOR DOT EMPLOYEES

- 506.01 **Employees/Applicants Subject To Testing.** City employees who drive a commercial motor vehicle (CMV) requiring a Commercial Driver's License (CDL) as part of their job duties are subject to alcohol and drug testing as required by the U.S. Department of Transportation (DOT) and the Federal Motor Carrier Safety Administration and as outlined in this policy. The employee's supervisor or Human Resources will advise the employee if the employee is subject to DOT testing and the terms of this policy. Employees who are not required by DOT to hold a CDL are not subject to this policy. Applicants for employment for a position requiring a CDL are also subject to testing under this policy.

Employees covered by this policy are also required to comply with the city's Drug and Alcohol Use Policy. In other words, this DOT Drug and Alcohol Policy is in addition to, not in lieu of, the provisions of the city's general Drug and Alcohol Use Policy. DOT tests will be completely separate from non-DOT tests in all respects. DOT tests take priority and will be conducted and completed before a non-DOT test is begun. All drug and alcohol testing performed under this DOT Policy will comply with applicable DOT procedures. If this policy conflicts with DOT regulations in any way, the DOT regulations will govern.

An employee subject to the provisions of this policy may be a person employed by the city, a contractor engaged by the city or an employee of such contractor. Any city employee who is required to obtain and maintain a CDL drivers' license as part of their position is subject to testing provisions of this policy. Employees required by DOT to hold a CDL, due to the type of equipment they operate, are subject to this policy. Employees who hold these jobs are required to carry their CDLs when they are at work or are operating city equipment.

- 506.02 **Prohibited Alcohol Use.**

506.02.01 On-duty and Pre-duty Use. Reporting for, or remaining on, duty requiring the performance of safety-sensitive functions is prohibited under the following conditions:

- i. While having a breath alcohol concentration of greater than 0.00 as indicated via breath test;
- ii. While using alcohol; or
- iii. Within four (4) hours after using alcohol.

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

506.02.02 Use Following an Accident. An employee required to take a post-accident alcohol test pursuant to this policy is prohibited from using alcohol for eight (8) hours following the accident, or until undergoing a post-accident alcohol test, whichever occurs first.

506.03 **Prohibited Drug Use.** Illicit use of drugs by safety sensitive drivers is prohibited both on and off duty. An employee may not report for duty or remain on duty when using or after use of any controlled substances, except when the use is pursuant to the instructions of a licensed medical practitioner who has advised the employee that the substance will not adversely affect the employee's ability to safely operate a CMV. An employee may not report for duty, remain on duty or perform a safety sensitive function if the employee tests positive for controlled substances or has adulterated or substituted a test specimen.

506.04 **Required Alcohol and Drug Tests.** DOT requires the following testing for covered drivers: pre-employment, post-accident, random, reasonable suspicion, return-to-duty and follow-up testing. Before conducting any required DOT testing, the city will notify the driver that the alcohol or drug test is required by DOT regulations.

506.04.01 Pre-employment Testing.

Drug and alcohol tests will be conducted after a conditional offer of employment is made, but before actually performing safety-sensitive functions for the first time. These tests are also required when employees are promoted, demoted or transferred into a safety sensitive driver position.

506.04.02 Post Accident Testing.

Post-accident drug and alcohol testing must be conducted as soon as practicable on all individuals performing safety-sensitive functions with respect to a vehicle following an occurrence involving a CMV operating on a public road in commerce, as follows:

- i. When the employee is issued a moving traffic violation citation within 8 hours of the occurrence and one or more of the vehicles involved is disabled and must be towed from the scene;
- ii. When the employee is issued a moving traffic violation citation within 8 hours of the occurrence and any person involved in the accident is injured to the extent that he/she requires and receives immediate medical treatment away from the scene of the accident; or
- iii. In an accident involving a fatality, testing will be performed on anyone who was performing safety sensitive functions with respect to the vehicle.

An employee subject to post-accident testing must remain readily available for such testing or will be deemed by the city to have refused to test. Nothing in this policy shall be construed to require the delay of necessary medical attention for injured people following an accident or to prohibit an employee from leaving the scene of an

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary medical care.

In post-accident situations, the city may substitute a blood or breath alcohol test for a urine drug test, so long as the test is performed by state or local law enforcement officials using procedures required by their jurisdictions, provided such test results are received directly from the local jurisdiction or the driver. A positive post-accident test administered by law enforcement will result in the same action as a positive post-accident test performed at the city's behest.

Post-Accident Alcohol Testing. If alcohol testing cannot be administered within two (2) hours of one of the above listed occurrences, a written statement explaining why the alcohol test was not promptly administered must be provided to the Director of Human Resources by the appropriate supervisor. If alcohol testing cannot be administered within eight (8) hours after the occurrence, the city will cease attempts to administer an alcohol test and document the reasons the alcohol test was not administered. This report must be promptly forwarded to the Director of Human Resources.

Post-Accident Drug Testing. A driver will be drug tested as soon as practicable but not later than 32 hours after one of the above listed occurrences. If the driver is not drug tested within 32 hours, the appropriate supervisor must prepare a report documenting the reason why and promptly forward the report to the Director of Human Resources.

506.04.03 Reasonable Suspicion Testing.

Reasonable suspicion drug and alcohol testing is conducted when a trained supervisor has reason to believe that an employee is in violation of this policy. The reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the employee; the observations may also include indications of the chronic and withdrawal effects of controlled substances. The supervisor must consult with the Department Director (or designee) and affirm the basis of the suspicion. If the Department Director concurs, the employee will be required to undergo testing only after consultation with the Director of Human Resources. A written report of the reasonable suspicion observations must be prepared by the supervisor(s) who made the observation within 24 hours of the observed behavior or before the results of tests are released, whichever is earlier. This report must be promptly forwarded to the Director of Human Resources.

Reasonable Suspicion Alcohol Testing. Reasonable suspicion alcohol testing is permitted only if the reasonable suspicion observation is made during, just before, or just after, the period of the work day the employee is required to be in compliance with this policy. An employee may be directed to undergo reasonable suspicion

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

testing only while the employee is performing, just before performing, or just after performing, safety sensitive functions. If alcohol testing cannot be administered within two (2) hours after the reasonable suspicion observation, a written statement that explains why the alcohol test was not promptly administered must be given to the Director of Human Resources. If alcohol testing cannot be administered within eight (8) hours after the observation, the city will cease attempts to administer an alcohol test and the appropriate supervisor must immediately document the reasons that the alcohol test was not administered; this report must be promptly forwarded to the Director of Human Resources.

Notwithstanding the absence of a reasonable suspicion alcohol test under this policy, an employee may not report for duty or remain on duty requiring the performance of safety sensitive functions while the employee is under the influence of or impaired by alcohol, as shown by the behavioral, speech and performance indicators of alcohol misuse.

Reasonable Suspicion Drug Testing. A driver will be drug tested as soon as practicable but not later than 32 hours after the reasonable suspicion observation. If the driver is not drug tested within 32 hours, the appropriate supervisor must prepare a report documenting the reason why and promptly forward the report to the Director of Human Resources.

506.04.04 Random Testing. Drivers are selected for random, unannounced drug and alcohol testing using a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with the employee's Social Security number, payroll identification number, or other comparable identifying numbers. Each driver subject to this policy will have an equal chance of being tested each time random selections are made. The number of drivers randomly selected will be in accordance with applicable DOT regulations. Each driver randomly selected for testing will be tested during the selection period. Dates and times for random testing are unannounced and are spread reasonably throughout the calendar year. Each driver selected for random testing must proceed to the test site immediately after notification; if, however, the driver is performing a safety-sensitive function, other than driving a CMV, at the time of notification, the city will instead ensure that the driver ceases to perform the safety-sensitive function and proceeds to the testing site as soon as possible. A driver will be randomly tested for alcohol just before, during, or just after performing, safety sensitive functions; random testing for drugs does not have to be conducted in immediate time proximity to performing safety sensitive functions.

506.04.05 Return-to-duty and Follow-up Testing. Return-to-duty tests are conducted when a driver who has violated DOT's prohibited drug and alcohol standards returns to performing safety sensitive duties. Follow-up tests are unannounced, and at least six (6) tests must be conducted in the first twelve (12) months after a driver returns to duty; follow-up tests may be extended for up to 60 months following a driver's

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

return to duty. Drug and alcohol tests must be negative. The driver will pay all costs associated with return-to-duty testing. When applicable, the city will follow all applicable DOT regulations in requiring return-to-duty and follow-up testing. The city is not, however, required to hire an applicant or continue the employment of a driver who has violated DOT drug and alcohol regulations or this policy and it is the policy of the city not to do so. Thus, return-to-duty and follow-up tests are generally applicable only for those seeking assistance as set out below.

506.04.06 Refusal to Test. An employee who refuses to be tested in any of the above circumstances, who obstructs the testing process, or who tampers/alters a specimen, will not be permitted to perform or continue to perform safety sensitive functions and will likely be terminated. An applicant who does one of these prohibited acts will not be hired. Except in the case of pre-employment testing, a refusal to test includes the failure to appear for testing within a reasonable time, as well as failure to remain at the testing site until the testing process is complete. Failure to test also includes the failure to provide the required sample with no adequate medical explanation, and the failure to cooperate with any part of the testing process (e.g., refusing to empty pockets when asked to do so, behaving in a confrontational way that disrupts the collection process, or failure to undergo a medical exam or evaluation as directed by the physician medical review officer (MRO) as part of the verification process).

506.04.07 Additional Information About Alcohol Testing.

- i. Consequences of a Positive Alcohol Test. An employee who is tests positive for alcohol shall be removed from safety sensitive functions and may be terminated.
- ii. Alcohol Testing Procedures. A trained breath alcohol technician will conduct alcohol tests. If the alcohol concentration is greater than 0.00, a second confirmation test will be conducted in accordance with DOT regulations, the results of which will determine any actions taken. Any result of greater than 0.00 alcohol concentration is considered a “positive” test. The second, confirmation test results determine if the employee is in violation of this policy. Testing procedures that ensure accuracy, reliability and confidentiality of test results will be followed pursuant to DOT regulations.

506.04.08 Additional Information about Drug Testing.

- i. Drug Testing Procedures. Drug testing is conducted by analyzing a driver’s urine specimen at a lab certified by the U.S. Department of Health and Human Services. The driver provides a specimen in a location that affords privacy and the “collector” seals and labels the specimen, completes a chain of custody document, and prepares the specimen and accompanying paperwork for shipment to a drug-testing lab. “Split” urine specimens provide drivers with an opportunity for a second test, if needed. If the driver challenges the

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

validity of the test, then the employee has 72 hours to request that the split specimen be sent for testing to another certified lab approved by the city's Director of Human Resources. The second test will be at the driver's own expense.

- ii. Drugs Tested For. DOT requires testing for marijuana (THC), cocaine, amphetamines, opiates – opium and codeine derivatives, phencyclidine (PCP). A screening test is performed first. If it is positive for one or more of these drugs, then a confirmation test is performed. Whenever the terms “drug,” “drugs” or “controlled substances” are used in this policy, they refer to the substances listed above. The city will not test for any other substances under this policy. The city may, however, test for other controlled substances pursuant to its general Drug and Alcohol Use Policy.
- iii. Review of Drug Test Results. All positive drug test results are reviewed and interpreted by a physician medical review officer (MRO) before they are reported to the city. If the lab reports a positive result to the MRO, the MRO will contact the driver (either in person or by phone) and will conduct an interview to determine if there is an alternative medical explanation for the drug(s) found in the driver's urine specimen. If the driver provides appropriate documentation and the MRO determines that it is a legitimate medical use of the prohibited drug(s), the drug test result is reported as a negative to the city.
- iv. Consequences of a Positive Drug Test. A driver will be removed from safety sensitive duties and placed on administrative leave if the test returns a positive for drugs. The removal cannot take place until the MRO has interviewed the driver and determined that the positive test resulted from the unauthorized use of a controlled substance. A confirmed positive drug result will result in termination of employment.

506.05 **Confidentiality.** Test results may be released only to the driver, designated City officials, a substance abuse professional, laboratory officials or a medical review officer. Records will also be made available to a subsequent employer or other identified person upon the driver's specific written request. Test results will not be released to others except as required by law or expressly authorized in the applicable DOT regulations (e.g., the decision maker in a lawsuit, appeal or administrative proceeding initiated by or on behalf of the driver and arising from a positive DOT drug or alcohol test or refusal to test; this includes workers' compensation and unemployment proceedings.) All test results will be kept in a confidential file by the Director of Human Resources. Management and supervisory personnel who are authorized to have access to alcohol and drug testing results must maintain complete confidentiality regarding this information. City employees who make a reasonable suspicion observation or who witness an accident must also maintain confidentiality. Breach of confidentiality relating to test results, or any other related matters, will likely result in disciplinary action, up to and including termination of employment.

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

- 506.06 **Record Retention.** The city will maintain and retain records under this policy as mandated by DOT regulations.
- 506.07 **Notification to Applicants/Employees of Positive Test Results.** The city will notify applicants of the results of a pre-employment drug test if the applicant requests such results within 60 calendar days of being notified of the disposition of the employment application. The city will notify an employee of the results of random, reasonable suspicion and post-accident drug tests if the test results are confirmed positive, and also which controlled substance(s) verified positive after the MRO confirms the positive. The city will also make reasonable efforts to contact and request each driver who tested positive to contact and discuss the results of their drug test with a MRO who has been unable to contact the driver. The city will immediately notify the MRO that the driver has been notified to contact the MRO within 72 hours.
- 506.08 **Employee Admission of Drug/Alcohol Use.** An employee who admits to alcohol misuse or drug use must do so in accordance with the city's general Drug and Alcohol Use Policy; provided, however, the employee may not self-identify in order to avoid the testing requirements of this DOT policy. Further, the employee must make the admission prior to performing a safety sensitive function, i.e., prior to reporting for duty. The employee may not perform a safety sensitive function until the city is satisfied that the employee has been evaluated and has successfully completed educational or treatment requirements in accordance with the city's general Drug and Alcohol Use Policy. A drug and alcohol abuse evaluation expert, i.e., an EAP professional, a substance abuse professional or a qualified drug and alcohol counselor, will determine successful completion. Prior to the employee performing safety sensitive functions, the employee must undergo a return to duty alcohol and/or drug test with a negative test result.
- 506.09 **Safety Sensitive Functions.** For purposes of this policy, safety sensitive function or duty means all the time from the time a driver begins to work or is required to be in readiness to work until the time the driver is relieved from work and all responsibility for performing work. Safety sensitive functions/duties include:
- 506.09.01 All time at a city, facility, or other property, or on any public property, waiting to be dispatched, unless the driver has been relieved from duty by the city;
 - 506.09.02 All time inspecting equipment as required by applicable DOT regulations or otherwise inspecting, servicing, or conditioning any CMV at any time;
 - 506.09.03 All time spent at the driving controls of a CMV in operation;
 - 506.09.04 All time, other than driving time, in or upon any CMV;
 - 506.09.05 All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded; and

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

506.09.06 All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

506.10 **Transportation to Testing Site.** With the exception of pre-employment and random testing, employees will be driven to the testing facility by a supervisor. The supervisor will remain with the employee during the testing process. The city will make arrangements to have the employee transported back to the city or home, as appropriate, after the testing is complete.

506.11 **Approval and Effective Date.** This policy was approved by City Manager Shana Yelverton on April 6, 2016 and is effective April 15, 2016. It supersedes all previous policies.

507 ELECTRONIC COMMUNICATION AND INTERNET USE

507.01 **Purpose.** The purpose of this policy is to set forth standards for the acceptable use of the technical systems for the City of Southlake. The intent is to clarify the acceptable use of these systems and provide examples of uses which are acceptable or unacceptable. This policy does not contain all the possible acceptable and unacceptable uses.

507.02 **Scope.** The guidelines specified in this policy apply to all regular and temporary employees, contract personnel, and volunteers whose access to or use of the technology systems is funded by the city or is available through equipment owned by the city.

507.03 **User Responsibilities.** Employees are representatives of the city in all their communications. Employees must understand at all times that communication and use of any of the city's technology systems are matters of public record under the Public Information Act and may be subject to discovery requests.

507.03.01 Employees shall not abuse their access to technology. Abuse may consist of unacceptable or excessive use. Generally, a use is unacceptable if it conflicts with the city's vision, mission or values, the department's purpose, goal or mission, or an employee's job duties or responsibilities. Personal use shall be considered excessive, if, in the opinion of the employee's supervisor, the use detracts from the individual employee's or department's productivity.

507.04 **Policy Guidelines.** The following guidelines have been established for using the Internet, city-provided cell phones, tablets, laptops, e-mail, and other technology in an appropriate, ethical and professional manner:

507.04.01 Internet, city-provided equipment (e.g., cell phone, laptops, tablets, computers, etc.) and services shall not be used for transmitting, retrieving or storing any communications of a defamatory, discriminatory, harassing or pornographic nature.

- 507.04.07 Employees should not open suspicious e-mails, pop-ups or downloads. Contact Information Technology with any questions or concerns to reduce the release of viruses or to contain viruses immediately.
- 507.04.08 Employees shall ensure that all technology related purchases are coordinated with Information Technology prior to the actual purchase.
- 507.04.09 Internal and external e-mails are considered business records and are subject to the Public Information Act and may be released upon request.

- 507.04.11 Limited or incidental Internet or electronic communication for personal purposes which does not infringe upon the employee's or the department's productivity is permitted.

507.05 **Right to Monitor.** All city-supplied technology and city-related work records belong to the city and not to the employee. The city reserves the right to monitor the use of city supplied technology. E-mails are retained in accordance with the city's document retention policy. Inappropriate or illegal use or communications may be subject to corrective action up to and including termination of employment.

507.06 **Violation of Policy Guidelines.** Any violation of this policy and its guidelines may be subject to corrective action, including but not limited to the loss of access and other privileges, and/or termination of employment.

508 FRAUD

508.01 **Purpose.** The purpose of this policy is to establish a fraud policy to convey, both internally and externally, the intent and conviction that all city business is conveyed with integrity using the highest ethical standards possible. To accomplish this purpose, this policy seeks to establish rules that clearly define unacceptable behavior, prevent fraud and outline the appropriate response to allegations of fraud in connection with city programs, functions or activities. This policy applies to all city employees.

508.02 **Scope.** This policy establishes three (3) key expectations of the City of Southlake:

508.02.01 As “Integrity” is one of the city’s corporate values, it is important to discourage and prevent fraudulent activity and report suspected fraud.

508.02.02 Strong procedures, outlined in this policy, will respond to allegations of fraud.

508.02.03 Investigation procedures ensure objective review of each situation.

508.03 **Definition of Fraud.** The intentional misappropriation of city assets by any act including, but not limited to, theft, embezzlement and intentional misrepresentation. Acts constituting fraud include but are not limited to:

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

508.03.10 Any official misconduct including the misapplication or misuse of city funds, property or information.

508.04 **Appropriate Law Enforcement Authority.** An appropriate law enforcement authority is a part of a state or local governmental authority or of the federal government that an employee in good faith believes is authorized to regulate or enforce the law alleged to be violated in a report of fraud or is authorized to investigate or prosecute a violation of criminal law.

508.05 **Policy.** Fraudulent activity is prohibited. All allegations of fraudulent activity will be investigated. If it is determined that any employee has engaged in fraudulent activity, the employee will be subject to corrective action, up to and including termination of employment, and referral may be made to an appropriate law enforcement authority.

Retaliation against any employee for reporting fraudulent activity or for participating or cooperating in an investigation of an allegation of fraud, is prohibited.

508.06 **Roles and Responsibilities.**

508.06.01 City Manager. The City Manager has overall responsibility for compliance with this policy. As a public official, the City Manager has a duty to disclose all evidence of fraud. For this reason, when determined necessary, the City Manager will refer information to the appropriate law enforcement authorities on items that may result in criminal prosecution. Where it does not impede or interfere with a criminal investigation or prosecution, the City Manager may provide information to the City Council concerning a particular fraud investigation.

508.06.02 Department Directors. Department Directors have a responsibility to uphold the city's policy and to communicate the organization's values. They are expected to initiate appropriate preventative measures, implement necessary controls, encourage employees to attend training sessions and initiate investigations.

Department Directors will promptly report allegations or suspicions to the Director of Human Resources and will cooperate in investigations. This will be done prior to taking personnel action toward the employee(s) involved. Failure to report allegations or initiate investigations will result in disciplinary action.

Department Directors are responsible for conducting reviews/investigations of alleged fraud when the Director of Human Resources feels it is appropriate for the Department Director to do so. If the Director of Human Resources conducts the investigation, Department Directors will provide all necessary assistance.

Department Directors are responsible for determining and enforcing disciplinary action with the aid of Human Resources.

508.06.03 Supervisors and Managers. Supervisors and Managers have a responsibility to uphold the city's policy. In consultation with the Department Director, they are expected

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

Supervisors and Managers are also expected to cooperate in all investigations.

- 508.06.04 Director of Human Resources. The Director of Human Resources has the responsibility to ensure allegations of fraud are investigated in a timely manner.

The Director of Human Resources is also responsible for conducting reviews/ investigations of alleged fraud or notifying the Department Director that the Department Director should proceed with the review/investigation.

The Director of Human Resources shall develop and implement training programs designed to educate employees about this policy.

- 508.06.05 Human Resources Department. Human Resources will track cases and their disposition. However, if the case is a criminal investigation, no information made confidential by law or by discretion of the investigating officer will be maintained in Human Resources to avoid impeding the criminal investigation. All criminal case information and documentation will be maintained by the investigating law enforcement authority. All administrative investigation case files will be maintained by Human Resources.

Human Resources is responsible for advising city personnel in the determination and enforcement of corrective action.

- 508.06.06 Employees. Employees shall not engage in fraudulent activity. Employees who are contacted by citizens with evidence or written allegations of fraud shall immediately report it to their department director, Human Resources, an Assistant City Manager or the City Manager.

Employees who suspect fraud shall immediately report their suspicions to their supervisor for appropriate action. Immediately shall mean as soon as the employee has the means to contact their supervisor, but shall be no longer than twenty-four hours after the employee becomes aware of the suspected fraud. As an alternative, city employees can go outside the normal chain of command and report suspected fraud directly to their department director, Human Resources, an Assistant City Manager, or the City Manager. Employees may also make anonymous reports via the city's Ethics Hotline at www.cityofsouthlake.alertline.com. Any anonymous reports shall be made via the hotline as this program provides a mechanism for direct response. Employees are discouraged from making anonymous reports via means other than the ethics hotline (notes, phone message, letters, etc.) as this type of report does not allow for response.

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

Employees are required to cooperate fully during any city review or investigation of an allegation of fraud. Anyone informed of an investigation in progress shall ensure that strict confidentiality is observed so as to not prejudice the investigation. During an investigation, any employee contacted by the media should refer all questions to the Deputy Director of Communication. Employees should be aware that:

- i. They are to maintain the confidentiality of the information they receive (except in the event of a public information request, court order or otherwise authorized by law).

- vi. Employees who intentionally or knowingly make false accusations and/or provide false information concerning instances of fraud will be subject to disciplinary action up to and including termination.

508.06.07 Investigation Committee. Many issues may be handled through normal disciplinary procedures; however, when warranted, the City Manager may appoint an Investigation Committee to respond to fraud allegations. The Investigation Committee could include but is not limited to the:

- i. City Attorney
- ii. Department Directors

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

- iii. Refer all allegations suspected to be criminal in nature to the appropriate law enforcement authority.

508.07 **Investigation Types.** Depending on the seriousness and scope of the allegation, three types of investigations could be conducted. Some allegations may be considered less serious and can be handled by a Department Director while others may touch multiple departments and require an Investigation Committee.

If at any point within an investigation it becomes suspected that criminal activity may have occurred, whomever is leading the investigation shall promptly notify the appropriate law enforcement authority as well as the City Manager who will determine if the case should also be pursued as an administrative investigation in addition to any criminal investigation.

508.07.01 Department Director Review. The Department Director, or his/her designee, shall initiate an investigation within five (5) working days after the allegations have been received. All allegations shall be reported to the Director of Human Resources. Human Resources will initially determine if a Department Director Review is appropriate and, if so, may assist in the investigation if the Department Director deems it necessary.

508.07.02 Human Resources Review. The Director of Human Resources, or his/her designee, shall initiate an investigation within five (5) working days after an allegation has been received. The Director of Human Resources or his/her designee shall meet with the Department Director or designee to discuss the allegations and shall promptly report the allegations to the City Manager.

508.07.03 Investigation Committee Review. The City Manager will make a final determination as to whether or not an Investigation Committee is warranted and if so, who will serve on that committee. When deemed necessary, an Investigation Committee appointed by the City Manager will prepare an investigation plan and coordinate with the individuals necessary to conduct different areas of the investigation.

If the committee suspects the conduct to be criminal in nature, the committee will forward all information to the appropriate law enforcement authority to take charge of any criminal portion of the investigation. If necessary, the Investigation Committee will serve as a resource.

The Investigation Committee will notify the Department Director of any allegations submitted to them that require an on-site investigation, when appropriate, unless it is determined that such notification will harm the investigation. When the investigation requires the inspection of city facilities and /or equipment, the city may initiate a search in compliance with federal and state law.

508.08 **Investigation Procedures.** The following procedures apply to all investigations, regardless of whom is leading the investigation.

SECTION 5 - EMPLOYEE STANDARDS OF CONDUCT

- 508.08.01 An investigation shall be planned in coordination with Human Resources and initiated within ten (10) working days after the allegations have been received.
- 508.08.02 After all relevant information has been collected, a written report of findings regarding the allegations of fraud shall be completed. The Director of Human Resources and Department Director shall meet to confer about the findings and discuss the nature of appropriate action.
- 508.08.03 A determination regarding the reported conduct will be made and communicated to the complainant, if appropriate, and the accused employee.

- 509.05 **Approval and Effective Date.** This policy was approved by City Manager Shana Yelverton on April 6, 2016 and is effective April 15, 2016. It supersedes all previous policies.

The intent of these standards is to regulate the creation and distribution of information concerning the city, its employees and citizens through electronic media, including, but not limited to websites and applications that enable users to create and share content such as video, photographs, written content or to participate in social networking. This policy is designed to protect the city's reputation and ensure that an employee's communications reflect positively on the city.

510.03 **Guidelines for Personal Social Media Sites.** The city recognizes that many city employees utilize social media when not at work. The city requires that employees be aware of the following guidelines regarding posting of work-related information on personal social media sites.

510.03.01 If the employee's social networking includes any information related to the city, the employee shall make it clear to the readers that the views expressed are the employee's alone and not reflective of the views of the city.

510.03.02 Employees are expected to act responsibly on and off duty, and to exercise good judgment when using social media. Employees should be aware that postings on social media sites, even if done off premises and while off duty, could have an adverse effect on the city's legitimate business interests.

510.03.03 Employees are expected to refrain from posting anything on a personal social media site that may defame, embarrass, insult, demean or damage the reputation of the city or any of its employees.

510.03.04 Employees are expected to refrain from posting on personal social media sites information that may constitute a violation of the city's Workplace Conduct policy. State law currently provides that an employee will be eligible for weekly indemnity payments beginning on the eighth calendar day of lost time following an occupational injury. Weekly indemnity payments for compensable injuries are made in accordance with state law.

710.03.02 Benefits Waiting Period. Compensation benefits are subject to qualifications and a seven (7) calendar day waiting period. After fourteen (14) calendar days of lost time, and subject to qualifications, the seven-day (7) waiting period will be paid retroactively.

Upon exhaustion of wage continuation benefits, refer to additional benefits described herein.

- 710.04.03 Use of Accrued Leave. Once wage continuation benefits have been exhausted, the employee shall use any accrued vacation and sick leave to supplement Income Benefits to provide the employee with the equivalent of their “take-home pay”, until the employee is released for full-time or restricted duty. The employee may use any accrued compensatory leave. After all available paid vacation, sick and compensatory leave has been exhausted, the employee shall receive only the worker’s compensation income benefits until he or she is released for regular or restricted duty.

If the injured employee is unable to physically report his or her injury, it is the responsibility of their immediate supervisor to complete the First Report of Injury report as soon after the injury as possible. The First Report of Injury must be completed and submitted to Human Resources within three (3) calendar days for processing.

CODE OF ETHICS AND CONDUCT

to the people of the city; that governmental decisions and policy should be made in the proper channels of the governmental structure; that no officer, employee or member of any board, commission or committee should have any interest, financial or otherwise, direct or indirect, or engage in any business, transaction or professional activity or incur any obligation of any nature which is in conflict with the proper discharge of his duties in the public interest; that public office and public employment are positions of public trust imposing the duty of a fiduciary upon all employees and officeholders, who are not to use their public position for personal gain; and that the public should have confidence in the integrity of its government. To implement such a policy, the city council deems it advisable to enact this code of ethics and conduct for all officers, employees and advisory board members, whether elected or appointed, paid or unpaid, to serve not only as a guide for official conduct of the city's public servants, but also as a basis for discipline for those who refuse to abide by its terms. This code of ethics and conduct is cumulative of other ordinances, city Charter provisions and state statutes defining and prohibiting conflict of interest.

Sec. 2-263. – PENALTIES FOR VIOLATION OF ARTICLE; FORFEITED POSITION; EXEMPTIONS; INJUNCTIONS.

- (a) Except where otherwise provided by state law, it is not the intent of this code that violations thereof be subject to criminal penalties.

Section: **Ethics and Conduct**

Topic: Employee Business Code of Conduct

Effective Date: July 1, 2006

I. PURPOSE

A Code of Ethics and Conduct, codified as Chapter 2, Article VI of the Southlake City Code, was passed by City Council on March 21, 1995 and further amended on June 6, 2006. The Code of Ethics and Conduct applies to all officers, employees and board members acting in an official capacity on behalf of the City. Chapter 2, Article VI, Section 2-268 requires the City Manager to present an Employee Business Code of Conduct for adoption by City Council.

To ensure public confidence in the integrity of its City government, we as employees, must be mindful of the Code of Ethics and Conduct and adhere to its provisions. We must also recognize that how we conduct our business also affects the public's perception of the City and its leaders.

The purpose of this Employee Business Code of Conduct is to further expand on the Code of Ethics and Conduct, and to convey our adopted values in how we conduct our business as employees -- with the public, with each other, and with other organizations and businesses.

Southlake Values:

(Adopted by City Council Strategic Planning Workshop June 2005)

Integrity – Being worthy of the public's trust in all things. We deal honestly and respectfully with each other and the public at all times.

Innovation – Valuing progressive thinking, creativity, flexibility and adaptability in service delivery.

Accountability – Taking personal responsibility for our actions or inaction while putting the interests of the taxpayer first.

Commitment to Excellence – Behaving responsively in our delivery of service to the public. Our work is characterized by its quality and by the diligence with which it is carried out. We proactively seek to solve problems in advance.

Teamwork – Recognizing the importance of working together to meet our citizen's needs, communicating clearly, sharing resources and information freely.

It does not address every situation, nor does it take the place of the City Personnel Policies and Procedures. Where appropriate, those policies are referred to for further guidance and instruction. By following these guidelines, we ensure the public has confidence in the integrity of their City government.

II. OUR RELATIONSHIP WITH EACH OTHER

A. **Recognizing and Respecting Diversity**

The City is committed to an all-inclusive work culture. We believe and recognize that all people should be respected for their individual abilities and contributions. The City strives to provide challenging, meaningful and rewarding opportunities for personal and professional growth to all employees without regard to race, color, religion, sex, national origin, age, disability or any other legally protected status. We believe that such an attitude contributes greatly to the innovative environment that the City values so greatly.

[Refer to Employee Personnel Policies and Procedures, "Workplace Conduct."]

B. **Maintaining Workplace Safety**

We are responsible for maintaining a safe workplace for ourselves and for others, by following safety and health rules and practices. We are responsible for immediately reporting accidents, injuries and unsafe equipment, practices or conditions to a supervisor or other designated person. The City is committed to keeping its workplaces free of hazards.

[Refer to Employee Personnel Policies and Procedures, Chapter 7, "Safety."]

C. **Respecting Each Other's Privacy**

The City respects the privacy of its employees and therefore maintains only those employee personnel and medical records necessary for business, legal or contractual purposes. The Texas Public Information Act requires public access to all City records. However, as provided by law, employees may restrict public access to certain personal information:

1. Every employee has the right to see his or her own personnel record.
2. The City will comply with all applicable laws regulating the disclosure of personal information about employees.

The City and its employees recognize and respect the privacy of each other's personal lives. However, as public servants, we are also held to a higher standard and we must not let our personal conduct impair our work performance or adversely affect the work environment or reputation of the City.

D. **Employee Assistance Program**

The City has an Employee Assistance Program to help provide guidance and confidential counseling for its employees. Helping its employees handle

situations before they become unmanageable is important to the City, and is a significant tool in promoting excellence.

E. Harassment

The City prohibits all forms of harassment and violence towards employees, volunteers, and officers in the Workplace Conduct Policy. This includes demeaning, insulting, embarrassing or intimidating behavior directed at any employee related to race, color, religion, sex, national origin, age, disability or any other legally protected status. We believe harassment of any kind contradicts Southlake Values.

[Refer to Employee Personnel Policies and Procedures, "Workplace Conduct."]

F. Team Environment

The City places great importance upon teamwork, one of the five adopted Values. While individual effort is important and necessary, it is also desirable that we recognize and make use of the strength gained through teamwork. Cooperation and consolidation of effort is not only important within each department, but across the entire City as well.

G. Recognition of Southlake Values

The City encourages promotion of outstanding examples of Southlake Values through employee awards, incentive programs, and recognition in employee newsletters and other communication tools. The City also promotes an environment of open communication that values discussion of ideas and issues.

III. OUR RELATIONSHIP WITH ELECTED AND APPOINTED OFFICIALS

A. Professionalism

In our relationship with both elected and appointed officials, we must always act with the professionalism that is the hallmark of excellent public service. Throughout the life of the City, there will be continual transitions in leadership through elections and council appointments. The greatest asset we have in ensuring a smooth transition is by our professional demeanor.

B. Political Involvement

As employees of a municipal government, there are limitations on our political activities while at work. These limitations serve to protect our integrity and accountability for our role in the public sector. We can execute our constitutional rights within the political process, but there are certain limitations as they relate to our service in Southlake.

1. Impartiality and Neutrality

It is essential that we perform our duties without regard to any political party, agenda or point of view while acting in an official capacity. Our

responsibility is to the citizens of Southlake and to their elected representatives, the City Council.

2. Political Advocacy

We shall not engage in any political activity while working. Although we are not prohibited from expressing our political opinion on an issue, we must clarify that the opinion does not necessarily reflect the opinion of the City or its officers.

3. Influencing Subordinates

We shall not, directly or indirectly, induce or attempt to induce any City subordinate to participate in an election campaign, contribute to a candidate or political committee, or engage in any other political activity relating to a particular party, candidate, or issue, or to refrain from engaging in any lawful political activity.

A general statement merely encouraging another person to vote does not violate this rule.

4. Paid Campaigning

We shall not accept anything of value, directly or indirectly, that might reasonably tend to influence us in favor or opposition regarding any political item pending on the ballot.

[Refer to Employee Personnel Policies and Procedures, "Code of Ethics and Conduct."]

5. Display Of Campaign Materials

We shall not display political campaign materials on any City vehicle or property.

C. Information Distribution

We have a responsibility to distribute information in a fair and consistent manner to elected and appointed officials. It should be inclusive of all available facts, not just what is needed to make a favorable decision for us. Additionally, we should provide such information in a responsive and timely manner.

While we should always respond in a timely manner to citizen and City Council requests for information, we should also keep our supervisors and the City Manager informed of such requests as applicable.

IV. OUR RELATIONSHIP WITH THE CITY

A. Respecting the City's Greater Good

Our purpose is to serve the citizens of Southlake. To that end, we also must respect the City's greater good. We should never pursue our own goals or personal gain to the detriment of the City.

B. Outside Employment

As employees of the City, we accept certain restrictions so that we may better serve the citizens. Specifically, we shall not accept other employment or engage in outside activities that compromise our ability to fulfill our duties and responsibilities with the City, or which might impair our independent judgment in the performance of our official duties.

C. Conflicts of Interest

Maintaining impartiality and neutrality in decisions before the City is essential in preserving not only our individual integrity, but that of the City as well. Conflicts of interest arise when personal involvement and/or gain in a decision could lead to prejudice, or the appearance of prejudice in that decision.

All City employees shall disclose a relationship that exists between the city employee or family member of the city employee, with a person or business contracting or seeking to contract with the City for any goods or services.

[Refer to Employee Personnel Policies and Procedures, "Code of Ethics and Conduct."]

D. Representation of the City

We have a responsibility to represent the City in a manner that does not bring discredit upon it or its employees, nor to represent the City in any manner other than in an official capacity. This responsibility should guide our actions while wearing City clothing or uniforms. We shall not wear uniforms or logos identifying the City while engaging in conduct or activity that by virtue of this association would reflect poorly upon the City.

[Refer to Employee Personnel Policies and Procedures, "Uniform / Dress Code / Grooming Policy."]

The Code of Ethics and Conduct also delineates specific guidelines that prohibit an employee of the City from representing any person or group before the City. Further, we may not represent any person or group in any action or proceeding against the interests of the City or in any litigation in which the City is a party.

WE

V. OUR RELATIONSHIP WITH SOUTHLAKE CITIZENS AND THE PUBLIC

A. Responsiveness and Equitable Treatment

We should respond in a timely manner to the needs of the public with respect, courtesy, and professionalism. At no time shall we grant any special consideration, treatment, or advantage to any citizen beyond that which is available to any other citizen.

B. Respect For Private Property

We shall respect the private property of our citizens. In circumstances where official City business requires us to work on private property, we shall make every reasonable effort to notify the property owners of such work activity. Whenever possible, the private property shall be returned to its pre-work condition.

VI. OUR RELATIONSHIP WITH VENDORS AND CONSULTANTS

A. Gifts

It cannot be overstated that the Southlake Values can be greatly compromised by the improper acceptance of gifts. Even the appearance of accepting gifts can be damaging.

No City officer or employee shall accept any gift that might reasonably tend to influence them in the discharge of their official duties, or grant any improper favor, service or thing of value. Neither shall they use their official position to secure special privileges or exemptions for themselves or others.

[Refer to Employee Personnel Policies and Procedures, "Code of Ethics and Conduct."]

B. Bidding and Contracting

In providing information to the media, the City seeks to provide consistent, accurate and timely information. To accomplish this goal, it is desirable that only designated employees provide official responses to the media. This does not prevent any employee from providing a response, but we must always remember that in doing so, whether we intend to or not, we represent the City of Southlake. [Refer to Employee Personnel Policies and Procedures, "Media Relations and Communications."]

B. Confidential Information

We shall not use our position as employees of the City to secure official information about any person or entity for any purpose other than the performance of our official responsibilities. We will protect from disclosure or misuse all non-public information pertaining to the City or its actions. Further, we shall not disclose confidential information or use such information to further or impede anyone's personal interests. This does not prohibit any disclosure or use that is authorized by law, or the confidential reporting of illegal or unethical conduct to authorities designated by law.

VIII. OUR STEWARDSHIP OF THE ENVIRONMENT

To provide residents with an outstanding quality of life, the City is committed to health, safety and the environment through actions such as recycling and energy conservation. We will abide by all applicable health, safety and environmental laws and regulations as we conduct our business, and will seek to maintain standards of excellence in the Southlake environment. Whenever possible and appropriate, we will notify citizens about environmental issues related to our activities. If we are required to use hazardous materials in the conduct of our operations, we will take all precautions necessary to prevent misuse.

IX. OUR STEWARDSHIP OF PUBLIC RESOURCES

A. Equipment, Facilities and Technology Systems

Our ability to serve the citizens of Southlake requires the efficient and proper use of the City's assets and resources. This includes not only physical property, equipment and inventory, but other tangible assets such as office equipment and supplies, and information systems. Safeguarding these assets is the responsibility of all employees. We must use and maintain City equipment and facilities with care and respect while guarding against fraud, waste and abuse.

X. OUR FINANCIAL INTEGRITY

Financial integrity is one of the most essential concerns a government has to deal with, and it is no less important in the operations of the City. As stewards of public monies, we must always recognize that the funds we utilize are not our own. We act on behalf of the citizens of Southlake. In all things from budget prioritization, administration, records maintenance and reporting, we should strive to make our actions transparent, easily understood, and beneficial to the citizens. To do anything less would be to forsake the public trust that we have been given.

XI. OUR RESPONSIBILITY TO REPORT VIOLATIONS

The cornerstone in any team environment is a shared concept of ethics. Therefore it is imperative that all employees report any ethics violations and ensure that the highest standards are upheld in our daily conduct.
