ITEM 1 - PREAMBLE

This document is intended to reflect the practices as of May 1, 2019 at the University of Saskatchewan with respect to non-unionized employees, excluding those covered by the Exempt Staff handbook and Senior Administrators

This handbook is intended to be brief, providing a general frame of reference to guide the employment relationship for employees not covered by another agreement, while recognizing the flexibility required to address the needs of employees and the employer. As many of the positions covered by this Handbook are paid through non-operating funds, greater flexibility is required because of the unpredictable nature of non-operating funding including the competitive nature of research funding. Where this document is silent, more specific direction may be available through university policies, provincial employment standards legislation, or advice from Human Resources or your unit's Human Resources Strategic Business Advisor (HR SBA). Employees and managers should contact their Human Resources SBA for any specifics related to their college or unit.

This document will be reviewed and revised regularly to ensure fair and equitable terms of employment.

ITEM 2 - DEFINITIONS

Academic Year is defined as the period July 1 to June 30.

Associate Vice-President of People and Resources refers to the associate vice-president of people and resources of the university or a person designated to act in her/his place.

The Board of Governors consists of members appointed pursuant to the University of Saskatchewan Act. The Board of Governors is responsible for overseeing and directing all matters respecting the management, administration and control of the university's property, revenues and financial affairs.

Employer refers to the University of Saskatchewan.

Connection Point is a service office available to assist with processing of financial and payroll transactions, as well as to provide answers and guidance for questions related to facilities, financial, and human resources matters.

Department or Unit refers to an academic or administrative department, a college, a school, an institute, an administrative unit, a division or the library.

Employee refers to individuals employed by the University of Saskatchewan. For the purposes of this handbook, it refers to non-unionized employees.

Fiscal Year is defined as the period May 1 to April 30.

FTE refers to full-time equivalent.

Non-unionized Employees refers to employees who are not in-scope of a bargaining unit. This group does not include employees who are exempt from membership in a bargaining unit by virtue of their job duties (covered under the Exempt Handbook), or senior administrators (deans, associate deans, associate vice-presidents, etc.). In this handbook, non-unionized employees are also referred to as employees.

President refers to the president of the University of Saskatchewan or his/her designate.

Principal Investigator “Principal Investigator” or “PI” means the individual responsible for the intellectual leadership of a research project or research program. For a clinical trial, the PI is defined as the person responsible for the conduct of clinical research at a research site, which is where the clinical trial related activities are conducted. A principal investigator may be a supervisor of non-unionized employees.

HR SBA is the Human Resources Strategic Business Advisor assigned to the college. Human Resources SBAs support colleges, schools, and units in achieving goals, priorities and operational objectives by providing advice on HR issues-management, including employee and labour relations matters and associated processes.

Supervisor refers to the employee to whom an employee reports, such as a faculty member, principal investigator, or staff supervisor, and who is authorized by the university to direct the work of another employee.

Types of Employees:

Term Employees refers to an employee hired for a stated and defined period of time.

Casual Employees refers to an employee whose hours of work are for brief or irregular periods.

ITEM 3 - RECRUITMENT

3.1 Advertising of Positions

The university is committed to advertising positions to provide opportunities throughout the university and in the community, and to encourage applications from a diverse group of individuals. When possible, hiring managers are encouraged to advertise for all vacancies, though it is understood that in some cases, there may be valid reasons to not advertise a position. Support is available; contact your college/administrative unit’s HR SBA.

3.2 Selection

Selection decisions will be based on merit. The best candidate for the position will be selected based on qualifications and experience of the candidate compared to the needs of the position. The University will extend a written letter of offer to the individual being offered employment. An appointment is not official until the individual has accepted the offer in writing.

The employment of immediate family members with direct reporting relationships is prohibited. Consult your HR SBA about any existing employment relationships where there is a conflict of interest.

Federal immigration regulations require that Canadians and permanent residents be given first opportunity for positions for which they are qualified. All appointments of non-Canadians must comply with Citizenship & Immigration Canada regulations. For more information, contact hr_immigration@usask.ca.

3.3 Probation

All employees will serve a probationary period of 6 months. If during this period of time, the employee does not meet the expectations of the position, employment may be terminated as outlined in Item 13 – Termination of Employment. Probationary periods do not apply to casual or student appointments.

ITEM 4 - ASSIGNMENT OF DUTIES

4.1 Job Profiles

Job duties are assigned by the employee's supervisor through a job profile which describes the primary purpose of the position, the nature of the work, the education/qualifications required, and the accountabilities or duties of the job. Changes or additions to the job profile are to be approved by the supervisor. Job duties may be described in a letter of offer or a job profile. Consultation and support for this process is available through your college/administrative unit's HR SBA.

4.2 Hours of Work

The standard hours of work for a full-time employee are 37.5 hours per week. The nature of research activities may require an alternate work schedule. Supervisors and their employees should agree upon and document any alternate arrangements. Those exceptions to the 37.5 hour per week standard will be outlined in the employee's letter of offer. Employees are expected to manage their work time to meet these goals, while achieving the outcomes they are accountable for in their positions.

Positions of a professional or supervisory nature are exempt from overtime. These exemptions should be noted in an employee's letter of offer. Nonetheless, where an employee is working above and beyond their standard work hours, time-off-in-lieu should be expected.

Employees and their supervisors are required to monitor hours of work and review workload over cyclical periods. If overtime provisions apply, hours must be documented and approved by the employee's supervisor in advance of the work being completed. Overtime hours should be managed by having the employee taking time-off-in-lieu. Where that is not possible, overtime can be paid out at 1.5 times an employee's regular earnings by request on the next available payroll run.

Employees in multiple part time or casual positions may exceed maximum hours when all service is combined. Employees must inform their supervisors if they hold multiple appointments.

ITEM 5 - SALARIES

The University of Saskatchewan is committed to attracting and retaining outstanding leaders, faculty, and staff. As such, we align salaries with market rates for comparable positions.

5.1 Salary Ranges

Hourly salary ranges for each salary band are provided in the table below. Salaries are reviewed on an annual basis, and salary level increases may be recommended by Human Resources. ITEM 10 – CAREER ENGAGEMENT

The University of Saskatchewan is committed to employees' success and wants to provide opportunities to enhance and grow the careers of employees and those they lead. The U of S has developed a Career Engagement (CE) model (replacing our performance management framework) to serve as a framework for people leaders and their employees to have both informal and formal discussions regarding the employee's goals and development plan. The design of the framework aligns with our university competencies and values, supporting a diverse workforce. The intent of the model is to:

- create a culture of continuous learning and development
- align goals and expectations
- drive accountability for shared success

Employees and people leaders should engage in regular conversations to build trust, plan, recognize and appreciate successes and challenges, as well as look for ongoing opportunities for growth and development. Where a people leader determines that an employee's performance (regarding goals/behaviours) is not meeting expectations, the university is committed to providing employees with an opportunity to improve performance and is committed to supporting an employee's success. More information is available from your college/administrative unit's HR SBA.

ITEM 11 – EXPECTATIONS OF CONDUCT

Being accountable to how we conduct ourselves is contingent upon good judgment and sensitivity to the way others see and interpret our actions. All members of the University community have a priority responsibility to embrace the university's values and reflect them back in our words and actions:

- Inclusiveness
- Integrity
- Honesty

- Ethical Behavior
- Respect

ITEM 12 – PERFORMANCE

Employees are expected to demonstrate a high standard of performance that includes demonstrating conduct consistent with university policies and standards and achieving the outcomes for which they are accountable.

Where performance is less than satisfactory, the university is committed to providing employees with an opportunity to improve performance and is committed to supporting an employee's success. Most performance difficulties can be resolved at an early stage. When performance standards are not met, the university will provide support through focused performance feedback. If performance problems persist, further corrective measures will be taken. These include but are not limited to the following:

- 1) written clarification of expectations
- 2) written reprimand (warning)

ITEM 13 - TERMINATION OF EMPLOYMENT

In cases of termination or resignation, supervisors should consult with the College's HR SBA for support in the process.
