

**Countryside YMCA
Childcare Scholarship Assistance Contract**

The childcare scholarship fund will assist families with 10-50% of their childcare cost if they meet the income guidelines or if a current family, in the center, experiences a job loss or other financial hardship. These families will apply with Missy Gilmore by filling out an application and providing the following:

- Last 4 (most recent) paycheck stubs – all jobs
- Verification of Child Support
- Verification of court ordered garnishments
- Letter of financial hardship (hardship cases only)

Gross monthly income will be figured, including child support, less any court ordered garnishments. Once they have been approved the family will be responsible for 50-90% of the tuition weekly and scholarship will fund the remaining 10-50%. Their income eligibility will be reviewed every 6 months. Financial hardship cases will be reviewed every 3 months. However, the Countryside YMCA reserves the right to review eligibility or revoke assistance at any time provided eligibility information is deemed fraudulent.

Each family will receive the scholarship assistance as long as they are income eligible, they stay current on their portion of tuition and the funds are available. Countryside YMCA agrees to pay 10-50% of their tuition and give families a month notice if scholarship funds are depleted.

Monthly reports will be sent to the controller for allocation of scholarship funds.

By signing this contract you agree and understand the above conditions.
