

January 22<sup>nd</sup>, 2018

Dear Donor,

Our old wooden playground is about 23 years old and does not meet current Canadian Standards' Association (CSA) safety standards. Surrey School District sent us a letter to inform us that due to "signs that the equipment is becoming unserviceable and is expected to soon deteriorate to a point that would compromise the safety of students", they are "recommending the removal of the Timberland Brand Composite Playground in front of the building in July of 2019." We selected a playground from Habitat Systems, Playgrounds for Schools, Parks (please see picture above) and have raised about \$60 000 for our new play structure. The new playground will cost about \$100 000. This price includes the cost of the equipment and installation. In order to raise enough funds to make our playground dream a reality, we need your help.

Your donation will go directly to the structure that you see above. This playground has been specially designed to offer endless amounts of play, by creating a play circuit for our students and children in the local community. We are asking that you please consider making a donation towards the playground. No donation is too small.

We also know that we have many parents at our school who work outside of the home – would your place of employment consider making a donation? We would be happy to recognize the donor if they would consider making a donation.

**If you are able to make a donation (and once again – anything you can give is appreciated), please return this form to the school via your child or mail/drop off at 7626 122 St, Surrey BC V3W 1H4.**

Thank you,  
Westerman PAC
