

THE ROAD SERIES

A Production of ATA Associates, Inc.

Driver's Photograph Shot List at the Accident Scene:

- Final vehicle rest positions
(where vehicles ended up at the end of the accident)
- Skid marks/gouge marks/debris - on and off roadway
(photo taken with a reference point or object)
- Overall damage to vehicles
- Interiors of vehicles
- Accident scene from four (4) directions:
 - North
 - South
 - East
 - West
 - (or photos taken from four distinct directions)
- From the direction you were travelling
(What did you see?)
- From the direction of approach of others involved in the accident
(What did they see?)
- From the viewpoint of witnesses
(What did the witnesses see?)
- Vehicles involved in the accident, including photos of license plates

*****Do not photograph injuries or fatalities**

This photographic shot list is derived from:

"The Road Series #2: What to do When You are Involved in an Accident"

This DVD presentation, produced by ATA Associates, Inc., is part of "The Road Series", a program concerned with the advanced training of drivers of heavy trucking vehicles.
