# Value Criterion List

- 1. **Feasibility**  
Evaluating whether the value can realistically be implemented or achieved.
- 2. **Sustainability**  
Assessing the long-term impact and viability of the value.
- 3. **Relevance**  
Ensuring the value aligns with the purpose or goals.
- 4. **Equity**  
Judging whether the value ensures fairness and inclusivity.

Criterion	Description	Example Use
Feasibility	Determines the practicality of the value.	Implementing a new policy.
Sustainability	Focuses on long-term viability and impact.	Environmental projects.
Relevance	Ensures alignment with goals or mission.	Strategic planning.
Equity	Promotes fairness and inclusivity.	Social initiatives.
