

# Freelance/Contract Graphic Designer

## Web, Multimedia, Interactive and Print

### **Job Description:**

This is a senior designer position for web, print and motion, full or part-time on contract. We're looking for a designer with a high creative standard, an understanding of branding design, and the ability to create ads and user experiences. Hands-on, proven experience and knowledge of digital and print production is a necessity.

### **Abilities/Qualities required:**

- Successful creative portfolio
- Thoughtful and organized
- Passion for generating ideas and executing them on-time, on-target
- Enjoy teamwork, sharing and learning

**Education required:** University degree or equivalent in Graphic Design

**Experience required:** Minimum 5 years working as a designer in digital, print and motion; agency experience a plus

### **Programs/Skills required:**

- Advanced skills in Adobe CS6 including InDesign, Photoshop, Illustrator, After Effects
- Word Press with knowledge of HTML and CSS, Microsoft Office
- Strong working knowledge of digital/print production
- 3D Modeling/Animation is a bonus skill

### **Working at Copp**

We're a small creative marketing agency with a main office in UpTown Waterloo, in the historic Seagram Lofts, just a block from cafes and shops. We have an easy-going culture that is passionate about exceptional design and marketing, creating great work for a short list of amazing clients.
