### **Plan Remarks:**

1. The above study plan is only for students in the RPN to BScN Bridging program offered through blended delivery.
2. It is strongly encouraged that students complete their courses in the semesters indicated above in order to ensure program completion.
3. Students admitted to this program receive 30 credits of advanced standing for their successful RPN diploma. Those who receive more than 30 credits of advanced standing/transfer credits for additional education beyond the two year RPN diploma or have previously completed a university degree must contact Academic Advising at [advising@nipissingu.ca](mailto:advising@nipissingu.ca). Transfer credits and second degree plans will vary for each student and may impact your degree completion plan. There may be times when either one course or no courses will be available for you if you are not required to take the courses that are offered in that semester. Careful planning with academic advising will assist with the most efficient study plan. Please allow extra time for the processing of transfer credits/advanced standing and second degree plans.
4. A list of available online courses for elective purposes can be found by going to <http://my.nipissingu.ca>.

### **Program Remarks:**

**Grade Requirement:** Students should review the Academic Calendar regarding academic standing and progression regulations. Students will be required to withdraw from the nursing program should they receive more than one grade of "unsatisfactory" in clinical courses.

**Timeline Requirement:** Program completion plan is 5 years. All students must complete the program within 7 years.

### **How to Choose Courses**

1. Review the study plan on the reverse side of this document and your transfer credits to determine which courses you need to complete. Please keep in mind that all students are strongly encouraged to register based on the planned semester column in order to ensure program completion within 7 years.
2. Register in your selected course(s) on WebAdvisor, ensuring that you have completed the necessary prerequisites first (course description and prerequisite information may be found in the Academic Calendar at [www.nipissingu.ca/calendar](http://www.nipissingu.ca/calendar))
3. Keep track of the courses that you have successfully completed by viewing 'Summary of Grades' on WebAdvisor. This will help you select courses for future semesters.
4. Contact Academic Advising if you need any assistance with selecting the correct courses in the right order to meet your degree requirements.
