

## **Weekly Overview & Task Checklist – Week of April 20th**

We return to “normal” school expectations this week. Some of you will want to increase your performance expectations. In other words, you may want to step-up the effort relative to your effort the last few weeks 😊. Pay close attention to assignment instructions and expectations as well as due dates.

This week we are starting a new unit, the 1950s and the start of the Cold War. You will find these materials under the 1950s Module.

Please email if/when you have questions. I’ll be on my laptop periodically throughout the “school” day 😊.

### **Monday 04/20**

- ☐ Read the content on the beginning of the Cold War
