

Research Governance Contact List

18 February 2020

In order to obtain authorisation to commence a research project involving Queensland Health staff, patients, data – including tissue – and other resources, a research governance application must be submitted to the relevant Research Governance Officer(s) (RGO) or contact person.

The Site Specific Assessment Form (SSA) is a component of the research governance review and is an online form that can be accessed at: <https://au.forms.ethicalreviewmanager.com/>

Please ensure that all supporting documentation is uploaded to your SSA Form on the ERM Applications website.

If you are unsure in which Hospital and Health Service (HHS) an institution is located, refer to the Queensland HHS maps: <http://www.health.qld.gov.au/maps/default.asp>
