

Safety Data Sheet (SDS) Inventory Spreadsheet

[illegible]

What ILC Does -

- Populates Column Titles: Manufacturer, Product Name, Product ID, Revision Date, & Entry Date;
- Creates hyperlink in Product Name cell to electronic copy of the SDS;
- Populates & creates hyperlink in the SDS duplicate cell, if applicable;
- Renames each individual SDS document to correspond with the Product Name.

For more information, current pricing,
or to place an order, please contact ILC.
