Transportation Modes Legend

Vehicles

- A. Zero Emission Vehicle
- B. Bus
- C. Rail/Plane
- D. Walk
- E. Bicycle
- EE. Bike Share / Electric Scooter
- F. Telecommute
- G. Noncommute (Business Trip)
- H. Drive Alone
- I. Motorcycle
- J. 2 person carpool
- K. 3 person carpool
- L. 4 person carpool

- M. 5 person carpool
- N. 6 person carpool
- O. 7 person carpool
- P. 8 person carpool
- Q. 9 person carpool
- R. 10 person carpool
- S. 11 person carpool
- T. 12 person carpool
- U. 13 person carpool
- V. 14 person carpool
- W. 15 person carpool

Compressed Work Week

- X. 3/36 Work Week - Flex Day Off
- Y. 4/40 Work Week - Flex Day Off
- Z. 9/80 Work Week - Flex Day Off

Days Off/Other

- AA. Vacation Day
- BB. Sick Day
- CC. Other; Regular Day Off; Jury Duty; Commute Outside of Survey Window

AVR Survey

Helpful Definitions

The AVR survey form collects information on how you get to and from work. Please complete the entire survey. Below are some helpful definitions.

Commute Period is the specific time of day that this survey asks about. If you commute to/from work during either Commute Period, then enter the letter from the Transportation Modes Legend that represents the type of transportation you used. Use the letters in the Days Off/Other section if you arrived or departed work outside of that period or did not go to work at all.

- Morning Commute Period: 6:00AM - 10:00AM
- Evening Commute Period: 3:00PM - 7:00PM

Zero Emission Vehicle is a car that produces no vehicle emissions, such as an electric vehicle. A hybrid is not considered a Zero Emission Vehicle. However, plug-in hybrids that are able to reach the worksite while only using the electric charge can be considered Zero Emission Vehicles. If you drive alone or if you carpool in a zero emission vehicle, write the letter "A".

Bike Share is a service provided by both public and private organizations wherein transportation devices, such as bicycles, are placed in the public right-of-way to be rented by any individual who has registered with relative vendor. The City of Santa Monica provides Breeze Bike Share, while several private companies offer similar options. Write "EE" for each day you commute to/from work by bike share.

Electric Scooter is a newly popular mode of transportation in Santa Monica. Several private companies offer shared scooters that are placed in the public right-of-way to be rented by any individual who has registered with its respective vendor. In order to comply with Air Quality Management District data collection standards, please include all commutes by Electric Scooter in the Bike Share category by writing "EE" for each day you commute by Electric Scooter.

Telecommute is defined as working from home or a satellite work location for the entire day. The commute to the work location must be at least 50% shorter than the standard commute to the primary worksite. Write the letter "F" for each day you telecommute.

Noncommute is used for people who are on a business trip or sleep at the worksite (such as firefighters, hospital workers, airline employees, etc.). Write the letter "G" when noncommute is applicable.

Compressed Work Week is a work schedule for employees who work more hours on fewer days and receive additional days off in exchange. If you work a Compressed Work Week, mark your days off using the letters in the Compressed Work Week section. There are three types of Compressed Work Weeks:

- 3/36 = Employee works three 12-hour shifts and has 4 days off in one week.
- 4/40 = Employee works for 10-hour shifts and has 3 days off in one week.
- 9/80 = Employee works 80 hours over 9 work days and gets one extra day off.

Other can be used if you were absent from work for any reason that does not correspond to any other letter. Write "CC" for Other, examples include: regular day off, jury duty, medical leave, military duty, and bereavement.
