CORPORATE CAPABILITIES

Leading Solutions provides its services in four core areas – information technology, training technologies and methodologies, human capital services and healthcare services.

- **Training Services:** Instructor-led, distributed learning, and blended training. Support the design, development and implementation of solutions to satisfy traditional training requirements through enterprise-wide integration of information technology that enhances training delivery, access and performance.
- **IT Services:** IT services and solutions. Provide management of IT functions and systems as well as solutions that are practical and which optimize resources so information is available when and where it is needed. Solutions are stable, scalable and mobile.
- **Human Capital Services:** Professional, technical and administrative staffing. Provide personnel to fulfill customer professional, technical and administrative requirements in multiple skills and disciplines.
- **Healthcare Services:** Clinical staffing and support. Staff healthcare professionals of multiple specialties, supporting medical programs and the direct healthcare needs of beneficiaries within the Department of Defense and other Federal Government healthcare delivery systems.

CORPORATE DISTINCTION

Leading Solutions' differentiators provide value to its Government and commercial customers.

- **Service Excellence:** Focus is filling requirements with personnel on-time to support contracts, including for highly specialized positions using exceptionally responsive internal recruiting capabilities with exceptional tools, methods and recruiters. Consistently meet all requirements.
- **Price Competitive:** The Company is very price competitive by keeping our costs low and aggressively pricing customer requirements that meet their budgets. We offer benefits that lead to successful recruiting and retention, so we can offer our customers performance stability and consistency.
- **Committed Management:** Our leadership and managers understand customer service requirements and provide outstanding responsiveness and compliant, high quality services.

PAST PERFORMANCE EXAMPLES

- **National Oceanic & Atmospheric Administration IDIQ contract:** provide technical, administrative and non-scientific support services to NOAA's West Coast Region, National Marine Fisheries Service
- **Transportation Security Administration IDIQ contract:** provide training and training support services to TSA's workforce
- **Combined Arms Center (CAC) Omnibus IDIQ contract:** provide technical and training support services for the U.S. Army Combined Arms Center
- **Seaport Enhanced:** Provide engineering, IT and other functional area support services for the U.S. Navy and U.S. Marine Corps
- **MSARNG Nurse Case Managers:** provide Nurse Case Managers for the Mississippi Army National Guard in support of Soldier readiness
- **Medical Standards and Exam Technicians:** provide support to the US Air Force for analysis, interpretation and application of medical standards for airmen qualifications and assignments
