

## ENVIRONMENTAL POLICY STATEMENT

**STAHLE Construction Inc.** acknowledges that its activities can have a significant influence on the environment; therefore we are committed to minimizing the impact our activities have on the local and global environment. It is the policy of **STAHLE Construction Inc.** to ensure that any threats of pollution from its activities are identified and either prevented, eliminated or effectively controlled.

In pursuance of this policy, **STAHLE Construction Inc.** will:

- Work with designers and clients to influence the environmental impact of the products used within the project through the enhancement of the specification and design;
- Comply with applicable legal requirements, and with other requirements to which we subscribe in relation to our environmental aspects;
- Assess on a regular basis the environmental impact of all our operations;
- Set and review environmental objectives and targets with the aim of continual improvement and prevention of pollution;
- Ensure that the Policy is used to provide the framework, through management review, for setting and reviewing our environmental objectives and targets;
- Minimize waste, noise and emissions to atmosphere in all parts of our business;
- Reuse and recycle materials and packaging wherever practical;
- Reduce the environmental effects our operations have on habitats, species and on natural habitats;
- Where necessary, **STAHLE Construction Inc.** will ensure that all waste, particularly hazardous waste such as contaminated soil, are tested, transported and disposed of in an environmentally acceptable manner, in accordance with local and provincial regulations;
- **STAHLE Construction Inc.** will minimize the risks of environmental accidents through the adoptions of appropriate risk management procedures;
- In conjunction with appropriate authorities, **STAHLE Construction Inc.** will establish emergency response procedures to deal with accidental pollution;
- Wherever practicable, use recycled or recyclable materials and components;
- Encourage employee involvement in environmental action. This policy will be communicated to all persons working for and on behalf of **STAHLE Construction Inc.**, and, made available to interested parties using appropriate media.
