

2020 Holiday Basket Inventory Checklist

Packing Tips:

- ξ All items should be gender neutral.
- ξ Only use the 27-gallon (tough) tote with snap lid (see image below), sold at Home Depot, Lowes, and Costco. Do not use duct tape to close the bins, zip ties will be provided at drop off.
- ξ Place the pillow on the bottom, remove pans and dishware from boxes, use towels and blanket to help pad the box. If the lid is bulging, you need to repack the box.
- ξ Only pack what is on the list below, if you have extras please package separately and deliver at drop off.
- ξ We have provided a small card of encouragement that may be printed and enclosed in the basket. It is appreciated by the recipient (Optional).
