

## 2020 COORDINATED EVENTS LIST IN GRAYS HARBOR COUNTY

The coordinated events listed below may be applied toward a Multiple Event Permit. Mark all events you will be attending. Below are the requirements for a coordinated event to be applied toward Multiple Event Permits:

- There must a coordinator of the event that will control who is allowed to operate. The coordinator shall submit a Coordinator Checklist to our office annually.
- A minimum of three vendors (not including the coordinator) is required. Vendors need not all serve food, but can also be craft vendors as long as there is a minimum of three vendors.

Events not listed below can become a coordinated event by having the event coordinator submit a Coordinator Checklist to our office.

Food vendors operating outside of the coordinated event definition above may apply under a different Temporary Food Permit model and must pay the corresponding fees. If you are unsure if an event is coordinated, contact our office at (360) 249-4222.

A fee double the permit will be issued if the applicant attends an event not listed on their approved schedule. Events may be added to a Multiple Event Permit so long that the applicant notifies our office **at least 8 days prior to the event**. Multiple Event Permits are for a calendar year and fees cannot be applied retroactively. Menu items for Multiple Event Permits are fixed for a calendar year in which you apply for. Should you alter your menu you must submit a new application for review.
