To Whom it May Concern:

We are excited to announce Freedom Peak 2020: The Warrior's Keep return to Mt. Kilimanjaro! Last year, we trained a team of ten veterans for 6 months and successfully summited Mount Kilimanjaro with 100% completion rate, making it the largest group of veterans to ever reach the African summit together! This year, we have selected a new team of veterans to train and embark on a journey to summit the "Roof of Africa", in Tanzania.

Our team will work together as one unit, pushing each other to keep moving forward and overcome the challenges we face, all while forging friendships and memories that will last a lifetime. This 6-month intensive program is challenging, but extremely rewarding once one of the world's Seven Summits is conquered. This program is named *Freedom Peak* in honor of Kilimanjaro's highest point, *Uhuru Peak*, which in Swahili translates to freedom. It is our goal to empower each veteran with the confidence to overcome any challenges they are currently encountering, while achieving freedom from the internal battles many of them face back home.

To ensure the success of this program, The Warrior's Keep is seeking partnerships, financial support and key sponsors to support and promote this important and unique program for veterans. We hope you will consider this opportunity to partner with us and be a part of this rewarding experience. Attached is a more detailed overview of the program and our organization, as well as the benefits and opportunities for potential sponsors.

Thank you in advance for considering a partnership with The Warrior's Keep. We look forward to sharing this incredible journey with you.

Sincerely,

John Cody Hardin, USMC

PROGRAM OVERVIEW

Date: May 29, 2020 – June 1, 2020

Location: Moshi, Tanzania – Mt. Kilimanjaro

The Warrior's Keep has partnered with *Myrmidon Expedition*, a veteran-owned and operated company, to lead an expedition of 15 veterans to Tanzania, Africa. The purpose of the Freedom Peak 2020 program is to provide a once-in-a-lifetime opportunity for a group of veterans to train together for half a year and experience a journey to the summit of Mount Kilimanjaro. Standing at 19,340 feet, Kilimanjaro will challenge the body, mind and soul of each team member, while empowering them to overcome certain challenges many veterans face at home, such as; depression, anxiety, societal reintegration, military transition, or stress brought on from a traumatic experience.

After a thorough and comprehensive selection/interview process, The Warrior's Keep selected a group of 15 veterans. The team will train for 5 months and be required to attend mandatory training events. All flights and expedition costs are covered 100% by The Warrior's Keep.

STAFF LEADERSHIP

The Freedom Peak 2020 team is led by The Warrior's Keep Executive Director, John Cody Hardin and The Warrior's Keep Operations Director, Mark Sanderson. John and Mark are both veterans, with extensive experience in the outdoors as well as expertise in leading groups to the top of mountains. Last year, our leadership team led the organization's first expedition to Mt. Kilimanjaro and achieved 100% summit success, with the largest group of veterans to ever conquer the summit.

THE WARRIOR'S KEEP MISSION

Based out of McKinney, Texas, The Warrior's Keep is a 501(c)(3) non-profit organization, whose mission is to unite, empower, and enhance the quality of life for veterans, through engaging in outdoor therapy.

We believe that sometimes the best medicine is nature's medicine. Our programs provide veterans with free access to outdoor adventures and are designed to educate on the difficulties of military transition, while achieving inner peace and healing of the mind. Outdoor Therapy has been shown to greatly improve quality of life and symptoms of Post-Traumatic Stress Disorder (PTSD) in veterans. All veterans were trained to go to war but never trained to come back home.

O.A.T.H.

Outdoor Adventure Therapy for Heroes (O.A.T.H.) is our motto and belief that engaging in outdoor adventures with other veterans allows for real healing to naturally take place in a neutral and safe environment.

OPERATIONAL COST

The average cost for a 7-day to 8-day trek up Mt. Kilimanjaro is roughly \$3,200 per individual, not including flights, taxes, tips and other fees. Our partners at Myrmidon Expeditions have generously extended a discounted rate for our team, saving the organization thousands of dollars in operational costs.
