# Important! Do Not Delay!

Immunization Form **REQUIRED** for you  
to proceed with Class Registration at USD

## MMRs Required by South Dakota State Law

Due to regulations mandated by South Dakota State Law, South Dakota Board of Regents and the State Health Department ALL students whatever their classification or status, must have medically signed proof of TWO properly administered immunizations OR immune titers for Measles (Rubeola), Rubella and Mumps. These are required for all new, readmitted and transferred students of all State Institutions. If you only have one immunization, the required second immunization may be administered not less than one month after the first immunization. Students who fail to provide the required proof of immunizations will be **REFUSED REGISTRATION** and will not be able to attend classes until in compliance.

1. USD will accept the official copies of immunization records issued by local health departments, physician offices, and schools, in conjunction with completing this form.
2. The Advisory Committee on Immunization Practices (ACIP) has recommended that college freshmen living in residence halls receive the vaccine for meningococcal meningitis. The Menactra vaccine and any other needed immunizations are available at Student Health at a discount for incoming students. See [usd.edu/shs](http://usd.edu/shs) for current prices.

## Exemption Information

Students who are exempt from providing MMR information include (No form required):

- Students born before 01/01/1957
- Students who are taking courses off campus, such as on-line, correspondence, or through DDN.

Students who are medically and religiously exempt (Form required):

- Any student who wishes to apply for exemptions for medical or religious reasons must fill out an exemption form along with the mandatory immunization form. An exemption form is available for download at [usd.edu/shs](http://usd.edu/shs)
