*Regarding Minimum Payments

Once per year ...

- the minimum for FAS and Pay-Per-Use (Academic, Corporate) is lowered to \$50; note that in FAS, the annual below-minimum threshold for non-participating publishers may be higher
- the minimum for the Pay-Per-Use (Republishing) License is removed. Also, there is no minimum for this service if publishers are receiving a payment for RightsLink Permissions or RightsLink Author

**Regarding Services Normally Paid Together with Other Services

- In 2019, CCC began transitioning services to a new distribution system. Until migration of all services is complete, publishers will sometimes see two payments where there was one in the past. The two payments will be made close together — when possible, on the same day.
