

Therapeutic Social Skills Summer Camps

Speak Easy Communication & Education and Grow Together Therapeutic Learning Services Ltd will be providing Therapeutic Social Skills Summer Camps for children ages 4-16. Themed camps will be provided weekly for different age groups with each camp consisting of 3-6 children per group.

These camps will focus on core and advanced Social Thinking® concepts including;

- How to make and follow a group plan.
- Whole body listening.
- Expected/unexpected behaviours.
- Understanding hidden social rules.
- Flexible thinking and stuck thinking.
- Size of the problem and matching reactions.

The individualized weekly camps will also include Executive Functioning strategies to help your child develop skills including;

- Time management
- Planning
- Organization

Older students are encouraged to demonstrate social skill mentoring with their younger peers, to build their self-esteem, and social problem-solving skills. Moving into a leadership role encourages reinforcement of skills they have learned, and provides positive role models for the younger students. It also provides younger students with role models who can share their life experience and share what works for them.

Location: Speak Easy Communication & Education #101-4535 Uplands Dr.

Time and Day: Monday to Friday 9:00 am -12:00 pm
