## Hospital Cover Limitations

This product provides Private hospital cover for Accidents and pays minimum (default) benefits for all services listed as Restricted in the hospital table. The additional benefit you'll receive under this cover, compared to what you'll receive as a public (Medicare) patient in a public hospital, is a choice of doctor.

## Out-of-pocket costs

If you are admitted to hospital (including for Covered treatments) you may have out-of-pocket costs, some of which have been detailed below.

If you want more specific information about what you can expect these costs to be, we recommend you obtain a quote from your doctors/hospital before undergoing treatment. Then contact us for details of benefits before proceeding with your treatment.

Additionally, benefits are not payable for claims where you have the right to claim compensation, damages or benefits from another source (e.g. TAC or WorkCover), now or at a later date.

### Excess

In exchange for a lower premium, an excess is a set amount of money you agree to pay towards the hospital accommodation costs if you or a family member is admitted to hospital.

With Budget Hospital (Basic Plus) you have an excess of \$500. Singles will only pay an excess for the first hospital admission each calendar year. Couples and families will only pay an excess for the first two hospital admissions each calendar year. We even offer an excess waiver for Accidents.

## Waiting Periods

You cannot receive benefits for any items or services you may have received while you are serving a relevant waiting period. However, if you've already served your waiting periods on an equivalent or higher level of cover with any registered Australian health fund and join within 30 days of leaving that fund, you will not have to re-serve your waiting periods. Otherwise, waiting periods will apply from the date you re-join. If you've upgraded your cover, your waiting periods for the higher benefits will start on the date you upgrade, but you can still claim an equivalent benefit to your previous level of cover during that period.

Budget Hospital (Basic Plus) waiting periods are:

- 2 months: Psychiatric, Rehabilitation and Palliative Care
- 12 months: all pre-existing conditions except Psychiatric, Rehabilitation and Palliative Care
- No waiting period for Emergency Ambulance, or hospital treatment required for an injury sustained during an Accident that occurs after joining this cover
- 2 months: all other treatments included on your cover

## Pre-existing conditions

A pre-existing condition is an ailment, illness or condition that in the opinion of a medical practitioner appointed by Australian Unity (not your own doctor), the signs or symptoms of that ailment, illness or condition existed at any time in the period of six months ending on the day on which you joined Australian Unity or upgraded your cover, irrespective of whether you were aware of it. If you make a hospital claim in the first 12 months of your joining or upgrading your cover, we will ask you to get your consulting doctors or other practitioner (e.g. your dentist, GP or specialist) to complete a medical report. You should ask us to carry out this assessment before going into hospital.

## Accidents

Accident means an unplanned and unforeseen event, occurring by chance, and leading to bodily injuries caused solely and directly by an external force or object requiring treatment from a Medical Practitioner (defined here as a medical doctor who is not the member or a relative of the Member) within 7 days of the event, but excludes injuries arising out of: surgical procedures; unforeseen illness; pregnancy; drug use; and aggravation of an underlying condition or injury.

## Restricted Services

Restricted services are hospital claims which are limited to a minimum (default) benefit. This is the minimum dollar amount set by the Australian Government for accommodation as a private patient in a shared room of a public hospital. A Restricted service does not pay any money towards the cost of intensive or coronary care, or theatre fees in a private hospital or private day centre. Therefore you may incur a large out-of-pocket expense. Contact us on 13 29 39 for more information.

## Changes to your cover

We may at any time make changes to your cover. This may include adding or reducing the benefits or services available to you. We will ensure that we provide you with appropriate notice of these changes in accordance with the Private Health Insurance Act 2007, the Australian Consumer Law and the Private Health Insurance Code of Conduct.

## Important Information continued

### Hospital Accommodation

#### General

Hospital covers do not pay any benefits towards the cost of non-admitted hospital visits, attendance at a doctor's room or administration fees when you attend an Emergency Department. You will be out-of-pocket for all of these costs.

#### Non-Agreement Private Hospital/ Private room in a Public Hospital

If you are admitted to a non-agreement private hospital, or to a private room of a public hospital, then the amount we pay is a set rate and may not cover the full cost of your stay which means you may incur large out-of-pocket costs.

#### Shared room of a Public Hospital

If you are admitted as a private patient in a shared room of a public hospital, then the amount we pay is the minimum (default) benefit for the accommodation set by the Australian Government. If the hospital charges more than the minimum (default) benefit, you will incur out-of-pocket costs.

To find an agreement Private Hospital please visit:  
[australianunity.com.au/agreementhospitals](http://australianunity.com.au/agreementhospitals)

#### Medical Bills

The Australian Government sets a schedule of fees for all medical treatments called the Medicare Benefits Schedule (MBS). When you're treated as a private patient in a public or private hospital, Medicare pays 75% of the MBS fee and Australian Unity pays the remaining 25%. If your doctor or specialist charges more than the MBS fee, then this will result in an out-of-pocket expense better known as 'the gap'.

### Planning a family

Please contact us if you're planning a family to make sure this cover is appropriate for you and your family.

There's no happier time than starting or growing your family, and we want to ensure your new addition is covered straight away on your policy.

#### Family, Single Parent Family or Couple memberships

It is important that you notify us within 12 months of your baby's birth and add them to your policy effective from their date of birth, for waiting periods to be waived.

Please note that Couple memberships will also need to change to a Family membership and back pay any difference in premium (if applicable).

#### Single memberships

To avoid your baby serving waiting periods, it is important that within 30 days of the birth you:

- Upgrade to a Family or Single Parent Family cover; and
- Add your baby to the policy.

These changes will be made effective from the baby's date of birth and you will be required to back pay any difference in premium.

Please note, this cover does not pay benefits for the Clinical Category Pregnancy and Birth.

For more information, please refer to your Member Guide particularly Important Things to Know - Terms and Conditions and the Fund Rules available at [australianunity.com.au/importantdocuments](http://australianunity.com.au/importantdocuments)

### Recognised Providers

We only pay benefits when you see a recognised provider in a private practice. Please contact us to check if your provider is recognised by us.

### Surgical Implants (Prosthesis)

If a treatment is Covered (or Restricted) under your hospital cover, you are also covered for any Australian Government-approved surgical prosthesis on the government's Prostheses List. We will pay up to 100% of the minimum cost of the prosthesis, as required under legislation, so you shouldn't have any out-of-pocket expenses. However, if the prosthesis used is listed as a 'known gap' prosthesis, you'll have to pay any gap charged by the hospital, but the hospital or doctor needs to provide you with Informed Financial Consent first.

### Closed Covers

Please note this cover is no longer available to new members.
