PLEASE READ ALL INSTRUCTIONS BEFORE BEGINNING

Gather your resources: your degree audit, curriculum guide, sample four-year plan

1. In the first semester block, fill in transfer courses, courses already taken, or test-out courses.
2. In the next semester block, label with current term and fill in courses you are currently taking.
3. List courses in the remaining blocks until ALL graduation requirements for your intended major are met.
 - You may use a curriculum guide, major form, or sample four-year plan to track prerequisites and requirements.
 - Ensure that courses are available in the semester (F/S/SS) that you schedule them.
 - Schedule so that credit loads each semester are at a manageable level of difficulty.
 - Make sure that courses are scheduled in the correct order (all course prerequisites must be satisfied).
4. Meet with your Academic Adviser for review.
5. SAVE this document and update plan before each registration advising session.
