

Household Expenses Details_{dx}

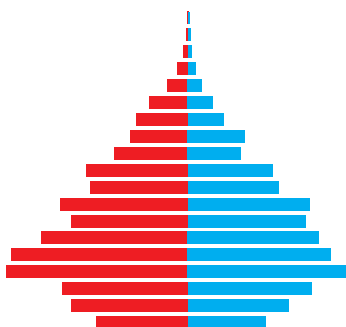

The Household Expense Details database contains information on household spends across over 80 expense items.

The sample is large and well spread across India with detailed data of expenditure of households on 82 household items during each month of the surveyed period. It therefore provides an excellent view of the changing spending capacity and the pattern of expenditure of the households of India.

The database contains information on monthly expense of 29 food items and 53 non-food items.

The 29 food items include whole-grain cereals, pulses, edible oils, vegetables, fruits, potatoes & onions, tea, coffee, jam/pickle/ketchup, sweeteners, bread, milk & milk-products, meat/eggs & fish, biscuits, namkeen & salty snacks, chocolates/cakes & ice-creams, etc.

The 53 non-food items include intoxicants, cosmetic & toiletries, clothing, footwear, restaurants, recreation, purchase of household appliances, education, health, electricity, petrol, transport, communication, bills & rent, transport, communication, Equated Monthly Installment (EMI) and miscellaneous expenses, etc.

Consumer Pyramids
India's Largest
Survey of Households

Expenses are always collected for the four months that immediately preceded the month of the survey.

Household Expenses Details_{dx}

Data fields per household

No.	Data field name	No.	Data field name
1	Household Identity Number	63	Household expenditure on Scourer and Housecleaning Agents
2	Country name	64	Household expenditure on other housecare products
3	State name	65	Household expenditure on Appliances
4	Statewise Homogeneous Region Number	66	Household expenditure on Restaurants
5	Homogeneous Region name	67	Household expenditure on Recreation
6	District name	68	Household expenditure on Bills and Rent
7	Town or Village Number	69	Household expenditure on House Rent
8	Type of Region	70	Household expenditure on Water Charges
9	Status of the Survey	71	Household expenditure on Society Charges
10	Reason for Non-Response in the Survey	72	Household expenditure on other taxes
11	Family change	73	Household expenditure on Power and Fuel
12	Stratification of the Homogenous Region by type of Region	74	Household expenditure on Cooking Fuel
13	Household weight at Strata level	75	Household expenditure on Petrol and Diesel
14	Extended Household Weight for Non-Surveyed States and Homogeneous Regions (HR's), at Strata level	76	Household expenditure on Electricity
15	Extended Household Weight for Non- Homogeneous Regions (HR's) in a State, at Strata level	77	Household expenditure on Transport
16	Adjustment factor for Non-Response, at Strata level	78	Household expenditure on Communication and Information
17	Adjustment factor for Non-Response for Non-Surveyed States and Non-Surveyed Homogeneous Regions (HR's) , at Strata level	79	Household expenditure on Education
18	Adjustment factor for Non-Response for Non-Surveyed Homogeneous Regions of a State, at Strata level	80	Household Expenditure on School/Academic Books
19	Slotted Month for execution	81	Household Expenditure on Fiction/Non-Fiction Books
20	Month of data capture	82	Household expenditure on Stationery
21	Total household expenditure	83	Household expenditure on School and/or College Fees
22	Household expenditure on Food	84	Household expenditure on Private Tuition Fees
23	Household expenditure on Cereals and Pulses	85	Household expenditure on Additional Professional Education
24	Household expenditure on Whole-grain Cereals	86	Household expenditure on Overseas Education
