The default for the Enrollment Status drop down is Enrolled. The drop-down selection can include All, Dropped, Enrolled and Waiting. If the drop-down is changed to Dropped, the screen is refreshed with a new list. The Enrollment Capacity, Enrolled and Dropped counts are listed depending on what is selected in the Enrollment Status.

Below is some of the information you will found on the class roster:

Add/Drop Date—If you have selected the Enrollment Status of ALL—If in the Status column it lists Enrolled, then the date in this column will be the Add Date and there will be hours listed in the Units column. If in the Status column it lists Dropped, then in this column will be the Drop Date and there will not be hours listed in the Units column. If in the Status column it lists Enrolled, but also in the Status Note column it lists Withdrawn, then the date in this column will be the withdrawn date and the hours lists in the Units column will be 0.00

Student Preferred Name—Is an email link to facilitate individual student contact.

Level—The level of the student at term start.

Select—If the checkbox is checked to the left of a student and the “notify selected students” button at the bottom of the page is pushed, a new send notification screen will pop up. Popups must be allowed for sa.ku.edu. Fill in the subject and message of the email, press the send notification button and the email will be sent to the selected students. Make sure all information is correct before hitting the send notification button because the email cannot be retrieved.
