

Maden Technologies Awarded IT Contract with Fairfax County Economic Development Authority

ARLINGTON, VA December 7, 2009—In September 2009, Maden Technologies was selected to manage the information technology (IT) system for the Fairfax County Economic Development Authority (FCEDA) in Vienna, Virginia. We are proud that this two-year contract award continues Maden Technologies' past eight years of support to the FCEDA.

Omar Maden, CEO of Maden Technologies, stated, "We are delighted to continue supporting the FCEDA's IT management requirements. The FCEDA is a long-time client of Maden Technologies and serves an important function to promote Fairfax County as one of the world's best business locations. We are proud to count them among our clients and to support their mission." Maden Technologies will primarily be responsible for the maintenance of the FCEDA's LAN operations, T1 line connectivity for the FCEDA and its partner organizations, and maintenance of the prospect management database.

Founded in 1986, Maden Technologies is an award-winning integrator of outsourced IT solutions and cyber security solutions for the public and private sectors. We offer our clients a full suite of information assurance services, technology solutions, including identity and access management, operations and security services, network engineering, security protocols, and learning services. We are a verified Service-Disabled Veteran-Owned Small Business.
