

## Cuero Junior High School Instructional Plan 2020 – 2021

OPTION 1 - Traditional face-to-face instruction, with social distancing when possible, along with the use of facial coverings during transitions and in common areas where 6 feet spacing is not possible

OPTION 2 - Synchronous virtual instruction using Google classroom as the LMS (learning management system): Students will login each period following their regular schedule on the same bell schedule as everyone else, just as if they were physically present. Instruction will be live. Assignments and grading will be the same as in the traditional face-to face classroom, the student will just not be physically present. Please note that all elective courses will NOT be available with this option. \*(see full list below)

OPTION 3 - Asynchronous virtual instruction using Google classroom as the LMS (learning management system): Students must login daily to each course on their schedule, watch the recorded session of each class, and complete the assignment or verification activity in each class prior to midnight in order to receive credit for attendance. Assignments and grading will be the same as the traditional face-to face classroom, the student will just not be physically present face to face or during the allotted time frame it was sent out live. Please note that all elective courses will NOT be available with this option. \*(see full list below)

### ADDITIONALLY

OPTIONS 2 & 3 may be combined but OPTION 1 may NOT be combined with OPTION 2 and/or 3.

Students may begin participation in synchronous (OPTION 2) and asynchronous (OPTION 3) virtual instruction at any time during the 6 weeks after completing the online Change of Instructional Plan form and 48 hours notice, but may NOT rejoin the traditional face-to-face instruction (OPTION 1) until the start of the following 6 weeks grading period and with doctor release, if leaving traditional face-to-face instruction due to illness. In the event that the district closes for full virtual instruction, the online Change of Instructional Plan form will NOT need to be completed.

\* List of electives not offered with Option 2 or 3
