

ISCC – International Sustainability and Carbon Certification is one of the leading certification systems for sustainability, traceability and the reduction of greenhouse gas emissions. Today, more than 4,000 companies in over 100 countries worldwide use the ISCC System to show compliance with high ecological and social requirements. The ISCC certification ensures a sustainable production and use of bio and circular feedstocks including agricultural, forestry and innovative waste/residue materials in global supply chains for various markets, including bioenergy, food, feed, and chemical/technical markets.

Internship, Focus on Impact Assessment

At our head office in Cologne, we offer interns to join a committed, dynamic and international team with a pleasant working environment. You will be given the opportunity to gain insights into aspects of sustainability certification at the interface between business, politics and society. The internship will be compensated and should be completed over a term of at least **three, preferably six months**, with the option to collect data/information for a final thesis with ISCC.

Your Tasks:

- Supporting the impact assessment of a sustainability certification scheme to create and finalize the ISCC Impact Report
- Monitoring of sustainability criteria and indicators including collection, statistical analysis and preparation of data
- Analysis of studies in the context of impact measurement (e.g. Theories of Change, ISEAL, Sustainable Development Goals (SDGs))
- Assisting in content creation, preparation and writing of text sections
- Bring in own design ideas, support in image search and work with graphical depictions

Your Profile:

- You are enrolled as student in an advanced study level in the area of business administration and/or with focus on the fields of sustainability, environment, climate protection, etc.
- High proficiency in English and German (spoken and written)
- High commitment, reliability, self-organization and precision
- Very good organizational and communication skills
- Good knowledge of the standard EDV tools / software (Word, PowerPoint, Excel), knowledge of macOS software is of additional benefit

Please send your application with your earliest possible starting date by email to Tiara Fausel: hiring@iscc-system.org
