

## Finish Folio™: Paint Edition

### Product Overview

Find colors to enrich your design with dozens of new shades. The Finish Folio: Paint Edition introduces a dramatically expanded collection of Classic paints and a portable design tool featuring a magnetic swatch for each of the 38 colors. We selected each paint color after careful research and consultation, using top trend forecasting resources and also our extensive industry design expertise. As a result, these colors are on the cutting edge of fashion but formulated for enduring appeal that pair perfectly with our existing paints, stains, and specialty finishes.

### Key Finish Folio Features

- **Portable design tool:** a conveniently-sized, magnetized portfolio with magnetic swatches to represent each of our Classic paint colors
- **New White:** Creates a softer value without a hint of any pigments
- **New neutral beiges and grays:** Gray and beige shades continue to be popular with homeowners, and they have classic staying power. We've added three more cool grays and a range of soft beiges and tans to offer a full spectrum of neutral colors.
- **Nature-inspired blues and greens:** Blue painted finishes continue to be a go-to color for kitchens, and green painted finishes are only growing in popularity. We've chosen hues from subtle and serene to bright and deep that have both freshness and long-lasting appeal.
- **Bold, saturated hues and softer shades:** With dramatic crimson, dusky lilac, vibrant ochre, soft olive, and much more, this collection has something for everyone.
