**EDUCATOR SUPERVISION AND EVALUATION:
PROBATIONARY TEACHERS**

Policy

It is the policy of the Washington Central Unified Union School District to provide appropriate supervision and evaluation as a basis for improving the knowledge and skills of the school staff which will advance student achievement. Effective supervision and regular evaluation provide constructive feedback on teaching methods and materials enabling professional educators to improve their abilities to help all students achieve at high levels.

Implementation

The superintendent will ensure that all those engaged in supervision and evaluation are appropriately trained to do so and have appropriate time allocated to carry out those responsibilities.

The superintendent, in collaboration with the principal and teacher representatives, will develop procedures for the supervision and evaluation of educators. The superintendent, in collaboration with the principal, will implement those procedures which will be consistent with the following recommended guidelines:

1. A job description will be developed for each professional educator's position. Job descriptions will specify the required qualifications, performance responsibilities, general evaluation criteria, terms of employment and supervisor.
2. Performance goals set by the educator and their supervisor will be clearly articulated.
3. Evaluations will be based substantially on criteria set forth in approved job descriptions, articulated goals, and linked directly to the school's needs to improve student performance as outlined in its Continuous Improvement Plan;
4. Educator evaluations will be carried out annually.
5. In any case requiring discipline of a professional educator, applicable state law, due process procedures, and contractual requirements will be followed.

Principals will ensure that educator supervision and evaluation priorities are linked closely to the school's current Continuous Improvement Plan.

Probationary Teachers

Teachers who have been employed for less than two school years in the school district are probationary

teachers. The principal will ensure that probationary teachers have intensive support, including the assignment of a mentor, regular supervision and at least two written evaluations each year during the two year probationary period. When the required evaluations have been carried out, the standard for non-renewal of a probationary teacher's contract is any reason not prohibited by law, and the decision of the school board is final in the absence of contrary provisions in the teacher's contract. If the probationary teacher has not received at least two written performance evaluations per year of probationary service, the standard for non-renewal of contract is just and sufficient cause.

Administrators will use a variety of staff evaluation strategies based on current research which may include:

1. pre and post classroom visitation conferences;
2. announced and unannounced classroom observations including walkthroughs;
3. educator performance feedback from students and parents which will not be included in the educator's personnel file;
4. formative and summative evaluation reports.

The superintendent, in consultation with the principals and central office administrators will prepare and deliver, at least annually in June to the school board, a progress report and recommendations about the effectiveness of the supervision and evaluation system and practices.

On the basis of evaluations carried out in accordance with this policy, the principal will collaborate with the superintendent to identify educators in need of intensive support or other special attention.
