1. Identify 3 concepts that you learned as an **observer** of the simulation.

2. Identify 3 concepts that you learned as a **participant** of the simulation.

3. What aspects of the simulation were least helpful to you?

4. What would you do differently as a participant of the simulation?

5. Please provide any suggestions that might improve future simulation experiences.

6. Do you feel the facilitator of the debriefing session was helpful to your learning experience?
Please provide feedback and examples.
