

## Doctor of Education (EdD)

### Statement of Research Interest

#### Notes:

1. Alternatively, applicants preparing a PhD application may upload their research proposal
  2. The statement should be 1000 words (+/- 10%) and include a brief list of references
  3. The statement should cover all the areas listed below
- 

#### **Proposed Area of Research:**

Please refer to the School of Education's Research Centres and Networks and indicate which you consider most closely aligned at this stage with your initial research interests. A list of these may be accessed here: <http://www.bristol.ac.uk/education/research/centres-networks>

#### **Working Title of Research:**

#### **Background of the Study**

Suggest an area you might be interested to investigate during the dissertation phase of the degree, including where appropriate potential research questions or issues likely to be investigated.

#### **Relevant Literature and Key Ideas**

Highlight some key ideas/ themes in the existing literature relevant to your chosen area.

#### **Methodology and Methods**

Indicate the kind of research approach you might seek to use, given the potential aims and objectives of the project you have outlined. Explain how they connect to research questions/issues where these have been included. You may also like to indicate potential participants, methods of data collection, approaches to data analysis and interpretation, where you have clear ideas about these.

#### **Possible Outcomes**

Suggest potential outcomes and significance of the project you have sketched and its significance, theoretical and practical.

#### **References**
