

**SENIOR PROJECT PROPOSAL**  
**Part II**  
**Community Sponsor Form**

The guidelines for senior project as described must be followed carefully for the success of the project. It is essential that both parties agree on the expectations and duties of each. It is also imperative that the rationale and guidelines are discussed for a common understanding.

I understand and accept the following responsibilities:

1. To help the student in determining project goals and activities and then indicate approval of the project.
2. To advise and guide the student as he/she follows through on his/her project proposal and sign a weekly time sheet to indicate that he/she has completed the required hours.
3. To fill out an evaluation form at the close of the project.
