

## **OPT STEM Extension Six Month Validation Report**

*To be submitted within 10 business days of report due date.*

All STEM OPT recipients must make a validation report to the International Center every six months starting from the date your 24-month extension begins and ending when one of the following occurs (whichever is first):

- your status ends
- you change educational levels at the same school
- you transfer to another school
- when the 24-month OPT extension ends

The report is due to the International Center within 10 business days of each report due date. In a typical full 24-month STEM OPT extension, there will be four report due-dates:

- 6 months after your STEM OPT employment start date
- 12 months (please remember to submit your 12 month training self-evaluation as well)
- 18 months
- and 24 months

*Twenty-four months* marks the end of the STEM OPT extension so a final validation report at the 24-month mark is required in addition to a final training self-evaluation. Please be mindful of these **important deadlines**. You must submit this report to the International Center, even if your employment has not changed.

Please complete this form in its entirety and submit it to [rowanic@rowan.edu](mailto:rowanic@rowan.edu) within **10 business days** of your report due date.
