

Senior Project Proposal Form
Department of Psychology/Neuroscience

Instructions:

After one copy of this form has been completed and signed, **return it to the main office, Carnegie Hall Room 103.**

Copies for your academic advisor, the first and second readers, and for the departmental files will be made. If you are a double major, the “first reader” should be the reader from your primary department (the one listed first in your double major), and the “second reader” should be the reader from the other department. **This form must be completed and signed prior to your registering for classes for the fall, whether you are comping in the fall, the spring, or both.**

Note: All proposals which make use of human participants must be approved by the department's Committee on Human Participants. The approval must be obtained before arrangements can be made to begin recruiting participants. Proposals involving animal subjects must be approved by the Animal Care and Use Committee before the project can begin.

Today's Date: _____

I am working on a comp for: *(check all that apply)*
