

The Cerebral Palsy Society Board Statement to the Apology of Reuben Woods

The Board wishes to apologise for any confusion caused by the previous publication which may not have clearly separated the Board's statement from the statement by Reuben Woods.

The Board at this time wish to confirm that the opportunity was extended to Reuben Woods to examine the financial accounts of the subsidiary companies of CIL. Reuben Woods chose to not respond or accept that opportunity. The Board was prepared to engage with Reuben Woods in relation to this matter.

**Kind regards
The Board**
