PART 1 – INTRODUCTION

1.1 Invitation to Proponents

This Request for Proposals (“RFP”) is an invitation to prospective Proponents to submit Proposals for the provision of Office Supplies (“Products”) on an as-and-when-required basis to support OECM Clients as further described in Part 2 – Deliverables (the “Deliverables”).

This RFP is issued by OECM.

1.2 Ontario Broader Public Sector Procurement Directive

OECM Clients, as applicable, are obligated to adhere to the Ontario Broader Public Sector (“BPS”) Procurement Directive effective April 1, 2011 issued by the Ontario Management Board of Cabinet.

The directive sets out rules for designated BPS organizations on the purchase of goods and services using public funds.

The purpose of the directive is:

- To ensure that goods and services, including construction, consulting services, and information technology are acquired by BPS organizations through a process that is open, fair, and transparent;
- To outline responsibilities of BPS organizations throughout each stage of the procurement process; and
- To ensure that procurement processes are managed consistently throughout the BPS. The directive applies to all School Boards, Colleges and Universities in Ontario; and

The goal of the BPS supply chain code of ethics is to ensure an ethical, professional and accountable BPS supply chain in Ontario through:

- i. Personal Integrity and Professionalism.
- ii. Accountability and Transparency.
- iii. Compliance and Continuous Improvement.

Visit the following website for the complete BPS Procurement Directive document - http://www.fin.gov.on.ca/en/bpssupplychain/documents/bps_procurement_directive.html.

- Actively promotes adherence to the Ontario BPS Procurement Directive in all phases of the sourcing and agreement lifecycle;

OECM currently has the following Clients using one (1) or more OECM agreements:

- Two-hundred and thirty-six (236) Clients in total;

1.8 Objective of this RFP

The primary objective of this RFP is to procure Products for OECM Clients to satisfy their needs as described in Part 2 – The Deliverables.

- Provide Clients with a variety of quality Products, demonstrating value for money;
- Provide Clients excellent, timely customer and account management support;
- Provide Clients responsive transition and implementation plans;
- Provide Clients more savings through innovative ways (e.g. technology); and
- Reduce the costs of competitive procurement processes associated with the provision of Products.

1.9 Type of Agreement for Deliverables

It is OECM's intention to enter into province wide multi-supplier Master Agreement ("Agreement") with up to three (3) Preferred Proponents, based on the terms and conditions set out in Appendix A of this RFP, for the provision of the Deliverables to Clients who execute a Client Supplier Agreement ("CSA").

The Term of the Agreement is intended to be for a period of four (4) years, with an option in favour of OECM to extend the Term of the Agreement on the same terms and conditions for up to two (2) additional periods of up to two (2) years each.

Client participating in the Agreement will execute a CSA with the Supplier as attached in Appendix A. The Supplier and Client, when executing a CSA, may mutually agree to additional terms and conditions (e.g. Client's business hours, delivery locations, signature requirements upon delivery, reporting, invoice formatting, payment terms, security clearance checks, Product samples and catalogues) ensuring the additional terms and conditions are not in any way inconsistent with the Form of Agreement agreed to by OECM and the Supplier.

It is anticipated that the Agreement will be executed on or about August 2014. The Agreement must be signed before the provision of any Deliverables commences.

By submitting a Proposal, a Proponent is agreeing to all of the requirements of this RFP.

- Facilitating CSA execution;
- Providing effective business relationship management;

2.4.3 Quick Quote Process

Clients will have two (2) options when purchasing Products from the Agreements resulting from this RFP:

- Purchase required Products directly from a Supplier using the maximum Rates set out in the Agreement (i.e. without using a Quick Quote process); or

If a Quick Quote is issued, the Client or OECM will invite one (1) or more Suppliers, via email, to submit a quote for the specific Product, volume and/or requirements at that specific time. The Supplier shall respond, setting out the following at a minimum:

- Net Rates; and

Responses to Quick Quotes will be assessed. More than one (1) Supplier may be chosen to provide Products based on a variety of factors such as, but not limited to:

The Supplier should deliver orders with correct Products and quantities within the lead time.

Products will be packaged appropriately to ensure safe delivery. All deliveries must include a packing slip specifying the Client's required information (e.g. name of the employee who placed the order, purchase order number, Products and quantities ordered and shipped, back ordered Products and quantities, if any).

Deliveries must be made by the Supplier's own transportation fleet or a reputable transportation company that allows for tracking of the shipments.

2.4.6 Lead Time

Clients typically expect to receive orders next Business Day. The Supplier and Clients may mutually agree upon other lead times and/or terms which are mutually beneficial to both parties. These terms may include blanket purchase orders with scheduled release dates, bulk or large orders for the academic year or special delivery requirements (e.g. specific hours).

2.4.7 Back Order

Back orders should be confirmed at the time of the order confirmation with an estimated delivery date, Clients will have an option to cancel or keep the back orders.

Product samples may also be required when evaluating new Products, substitutions or alternatives. These Product samples shall be provided to Clients at no cost. At the end of the evaluation, Clients are under no obligation to purchase these samples. Clients may, however, choose to purchase the samples at discounted Rates or the samples will be returned at the Supplier's cost.

2.6 Product Warranty

The Supplier shall warrant all its Products from the date of receipt against, but not limited to the following conditions:

- Faulty material; and

In consultation with OEM, the Client may negotiate specific details related to one (1) or more financial incentives.

The financial incentive to Clients should be in the form of rebates on the total sales, and it shall be incorporated into the CSAs. Any agreed upon financial incentive, except for early payment discount which will be applied per invoice payment, will be submitted in arrears directly to Clients on an annual basis.

The financial incentive to Clients can be reviewed and adjusted annually as required.

Suppliers shall obtain all licences, right to use and approvals required in connection with the supply of the Products and Services. The costs of obtaining such licences, right to use and approvals shall be the responsibility of, and shall be paid for by, the Supplier.

Where a Supplier is required by Applicable Laws to hold or obtain any such licence, right to use and approval to carry on an activity contemplated in its Proposal or in the Agreement, neither acceptance of the Proposal nor execution of the Agreement by OECM shall be considered an approval by OECM for the Supplier to carry on such activity without the requisite licence, right to use or approval.

2.15 Accessibility for Ontarians with Disabilities Act

OECM and its Clients are committed to the highest possible standards for accessibility. The Supplier must be capable to recommend and deliver, as appropriate for each Deliverable, accessible and inclusive Products and Services consistent with the Ontario Human Rights Code (OHRC), the *Ontarians with Disabilities Act, 2001* (ODA) and *Accessibility for Ontarians with Disabilities Act, 2005* (AODA) and its regulations in order to achieve accessibility for Ontarians with disabilities.

The AODA may be found at http://www.e-laws.gov.on.ca/html/statutes/english/elaws_statutes_05a11_e.htm.

2.16 Pricing Methodology

Two (2) types of Rates shall be applicable to the Products in the Agreement resulting from this RFP:

- Maximum Rates for core Product; and
- Minimum discount off for non-core Products.

2.16.1 Core Product - Optional Pricing Refresh

Proposed core Product Rates submitted in response to this RFP will remain firm until May 31, 2015. For certainty, the Supplier cannot increase Rates on core Products between the effective date of the Agreement and May 31, 2015.

Any pricing refresh request from a Supplier must be accompanied by appropriate documentation (i.e. manufacturer's letter of increases, detailed calculations and individual Client impact analysis) to support any price adjustment.

As part of any review OECM will consider pricing adjustments that reflect changes in operation adjustments due to new or changed municipal, provincial, or federal regulations, by-laws, substantial fluctuations in foreign exchange Rates as published by Bank of Canada, or ordinances. OECM may use a third party index (e.g. CPI) in its Rates review. OECM will not consider any fixed costs or overhead adjustments in its review. Supplier performance received under the Agreement will be considered when contemplating any proposed Rate increase.

The Supplier shall provide a written notice to OECM at least ninety (90) days prior June 1, 2015 if requesting pricing refresh.

Should the Supplier request a pricing refresh, the following table provides an example of activities and related timelines for a June 1, 2015 pricing refresh, if applicable:

Activity	Deadline
Supplier submits request to OECM together with supporting documents:	March 1, 2015
OECM analyzes Rates on or about:	April 23, 2015
Deadline to send communication to Clients:	May 1, 2015
Effective date of new agreed upon Rates:	June 1, 2015

After June 1, 2015, the next pricing refresh for core Products will be March 1, 2016, and every twelve (12) months thereafter.

Clients require a minimum of thirty (30) days prior notice on any Rate change. If for any reason, the Supplier and OECM cannot agree on the new Rates within the specified timeframe, the effective date of new Rates will be adjusted to allow for thirty (30) days prior notice to Clients.

If a pricing refresh is not requested the Rates will remain the same until next scheduled pricing refresh.

Decreases to any Rates shall be accepted at any time during the Term of the Agreement.

Agreements will be amended accordingly, if necessary.

2.16.2 Updating Core Products

Core Products by their nature are commonly high volume Products. To ensure the list of core Products remains relevant, OECM or the Supplier may request a review of the core Product list. The first review will occur and become effective June 1, 2015 with subsequent review occurring every six (6) months thereafter.

Pricing, for newly added core Products, will be negotiated at the time ensuring they align with similar core Products already on the list. All other core Products shall remain unchanged.

The Supplier or OECM shall provide a written notice ninety (90) days prior to effective date of the change. Therefore, during the first year of the Agreement, either party shall provide notice to the other party by March 1, 2015 for changes to the core Product list effective June 1, 2015.

Should either party request an update to core Products, the following table provides an example of activities and related timelines:

Activity	Deadline
Supplier or OECM submits Product refresh request:	March 1, 2015
Supplier and OECM completes analysis on or about:	February 23, 2015
Deadline to send communication to Clients:	May 1, 2015
Effective date of agreed upon updated core Product list:	June 1, 2015

After June 1, 2015, the next opportunity to update the core list of Products will be September 1, 2015 and every six (6) months thereafter.

When Product update and pricing refresh occurs at the same time, the timelines for the two (2) processes will coincide.

The following table illustrates when, if applicable, Product Rates and the list of core Products may be updated during initial Term (i.e. four (4) years) of the Agreement:

Core Pricing Refresh or Core Product Update, if requested	Effective Date	Deadline to Submit Request
First pricing refresh:	June 1, 2015	March 1, 2015
First Product refresh:	June 1, 2015	March 1, 2015
Second Product refresh:	October 1, 2015	July 1, 2015
Second pricing refresh:	March 1, 2016	December 1, 2015
Third Product refresh:	March 1, 2016	December 1, 2015
Fourth Product refresh:	September 1, 2016	June 1, 2016

Core Pricing Refresh or Core Product Update, if requested	Effective Date	Deadline to Submit Request
Third pricing refresh:	March 1, 2017	December 1, 2016
Fifth Product refresh:	March 1, 2017	December 1, 2016
Sixth Product refresh:	September 1, 2017	June 1, 2017
Fourth pricing refresh:	March 1, 2018	December 1, 2017
Seventh Product refresh:	March 1, 2018	December 1, 2017

Agreements will be amended accordingly, if necessary.

2.16.3 Non-core Product Pricing Management

Clients expect stability in their non-core Product pricing. Therefore, OECM will review non-core Product pricing regularly during the Term of the Agreement. Upon OECM's request, the Supplier should provide appropriate documentation (i.e. manufacturer's letter of increases, detailed calculations) to support any significant Rate increase on non-core Products.

2.17 OECM Cost Recovery Fee ("CRF")

As a not-for-profit/non-share corporation, OECM recovers its operating costs from its agreements through CRF.

CRFs from the resulting Agreement from this RFP and other OECM agreements are structured to support OECM's financial model, while providing savings to Clients.

The Supplier shall pay to OECM a CRF of three percent (3%), based on before tax amount invoiced by the Supplier to the Clients for Deliverables acquired through the Term of the Agreement.

The CRF shall include all sales and will be paid to OECM by the Supplier on a quarterly basis based on calendar year.

Harmonized sales tax ("HST") is applicable to the CRF payments made to OECM.

Detailed reporting requirements are set out in Appendix A – Form of Agreement.

2.18 Additional Products and Services

Additional Products (e.g. arts and crafts) and/or Services (e.g. printing business cards) if mutually agreed upon between the Supplier and OECM, may be added during the Term of the Agreement.

[End of Part 2]

PART 3 - EVALUATION OF PROPOSALS

3.1 Stages of Proposal Evaluation

OECM will conduct the evaluation of Proposals in the following six (6) stages:

Stages	Evaluation	Scoring Methodology Maximum Points (if applicable)	Minimum Threshold Requirement (if any)
Stage I	Mandatory Requirements	Pass/Fail	Pass
Stage II	Rated Requirements	400	See Section 3.3 and Appendix E
Stage III	Optional Demonstration and Presentation	No Point Allocation	Not Applicable
Stage IV	Pricing	600	Not Applicable
Stage V	Cumulative Score	No Point Allocation	Not Applicable
Stage VI	Tie Break	No Point Allocation	Not Applicable

3.2 Stage I – Review of Mandatory Requirements (Pass/Fail)

Stage I will consist of a review to determine which Proposals comply with all of the mandatory requirements.

During Stage I of the evaluation, Proposals will be examined to ensure that they meet the mandatory requirements. The Proponent must ensure that all mandatory requirements have been addressed satisfactorily in its Proposal, in order for the Proposal to proceed to Stage II of the evaluation process.

Any Proposal that is not considered, by OECM, to meet all mandatory requirements will be disqualified and not evaluated further.

A Proposal must include the following three (3) completed mandatory forms:

Appendix	Title of Appendix
Appendix B	Form of Offer
Appendix C	Rate Bid Form
Appendix F	Consortium Information (if applicable)

Other than inserting the information requested on the mandatory submission forms set out above, a Proponent may not make any changes to any of the forms. Any Proposal containing any such changes, whether on the face of the form or elsewhere in its Proposal, may be disqualified.

3.2.1 Form of Offer - Appendix B (Mandatory Form)

Each Proposal must include a Form of Offer (Appendix B) completed fully and signed by the Proponent.

(a) Conflict of Interest

In addition to the other information and representations made by each Proponent in the Form of Offer, each Proponent must declare whether it has an actual or potential Conflict of Interest. If, at the sole and absolute discretion of OECM, the Proponent is found to be in a Conflict of Interest, OECM may, in addition to any other remedies available at law or in equity, disqualify the Proposal submitted by the Proponent.

The Proponent, by submitting the Proposal, warrants that to its best knowledge and belief no actual or potential Conflict of Interest exists with respect to the submission of the Proposal or performance of the contemplated Agreement other than those disclosed in the Form of Offer. Where OECM discovers a Proponent's failure to disclose all actual or potential Conflicts of Interest, OECM may disqualify the Proponent or terminate any Agreement awarded to that Proponent pursuant to this RFP process.

(b) Insurance

By signing the Form of Offer, the Proponent agrees, if selected, to carry appropriate insurance as outlined in Appendix A – Form of Agreement. The Preferred Proponent must provide proof of such insurance coverage in the form of a valid certificate of insurance prior to the execution of the Agreement by OECM.

(c) General

OECM, in addition to any other remedies it may have in law or in equity, shall have the right to rescind any Agreement awarded to a Proponent in the event that OECM determines that the Proponent made a misrepresentation or submitted any inaccurate or incomplete information in the Form of Offer.

Other than inserting the information requested and signing the Form of Offer, a Proponent may not make any changes to or qualify the Form of Offer in its Proposal. A Proposal that includes conditions, options, variations or contingent statements that are contrary to or inconsistent with the terms set out in the RFP may be disqualified. If a Proposal is not disqualified despite such changes or Proposals, the provisions of the Form of Offer as set out in this RFP will prevail over any such changes or Proposals in or to the Form of Offer provided in the Proposal.

3.2.2 Rate Bid Form – Appendix C (Mandatory Form)

The Rate Bid Form completed by the Proponent in accordance with the instructions contained below and in Appendix C, provided that the following shall apply:

- The Proponent shall propose maximum net Rates on core Products;
- The Supplier shall provide a list of non-core Products that includes all available Products in its standard published catalogue with list Rates, minimum percentage discount off list and net Rates, and;
- All Rates shall be provided in Canadian funds and shall include all applicable customs duties, tariffs, overhead, materials, fuel, office support, profit, permits, licences, labour, carriage, insurance, Workplace Safety Insurance Board costs, travel, and warranties, and further shall not be subject to adjustment for fluctuation in foreign exchange rates;
- All Rates shall be quoted exclusive of the HST, or other similar taxes, each of which, if applicable, should be stated separately;
- All Rates quoted, unless otherwise instructed in this RFP, shall remain firm for the Term of the Agreement; and,
- In the event of any discrepancy in the Rates within a Proposal, the lowest Rate submitted shall prevail.

The Proponent is deemed to confirm that it has prepared its Proposal with reference to all of the provisions of the RFP, that it has factored all of the provisions of the Agreement, if any, into its pricing assumptions, calculations and into its proposed Rates indicated on the Rate Bid Form.

A Proposal that includes conditional, optional, contingent or variable Rates that are not expressly requested in the Rate Bid Form may be disqualified.

3.2.3 Consortium Information – Appendix F (Mandatory Form)

Each Proposal must include a completed and signed Consortium Information (Appendix F) if applicable to the Proponent.

3.3 Stage II – Rated Requirements (400 Points)

Stage II will consist of an evaluation and scoring of each Eligible Proposal on the basis of rated requirements.

The maximum points allocated for rated requirements are 400 points.

Minimum thresholds, if required, must be achieved in order for the Proposal to receive a **pass** in this stage and proceed to Stage III of the evaluation process.

Any Proposal that does not meet the required minimum threshold for applicable rated requirements will receive a **fail** and not proceed to Stage III of the evaluation process.

Point allocation and minimum thresholds (if any), for each rated requirement, are set out in Appendix E.

Each Proposal will be awarded points based on the Proponent's response to the information contained in Appendix E of this RFP.

It is important that Proposals clearly provide all the necessary information so that a thorough assessment of the Proponent's experience, qualifications, and capabilities can be made. Responses and substantiating documentation should be direct and grouped together in Appendix E to ensure the evaluation team is able to locate particular information.

In the case that contradictory information or information that contains conditional statements is provided with respect to a requirement, OECM will, in its sole and absolute discretion, determine whether the response complies with the requirements, and may seek clarification from the Proponent. The contradictory information may result in the Proposal receiving a low score for that particular rated requirement.

Proposals that do not respond to a particular rated requirement, are left blank or contain a response or n/a or not applicable will receive a zero (0) point score for that requirement. Where the evaluation team cannot reasonably find responses to a rated requirement, a zero (0) point score will be assessed for that rated requirement.

The response to each rated requirement in Appendix E should:

- Be complete (bullet point format is acceptable);
- Be concise and factual; and
- Demonstrate the Proponent's understanding of Clients' business needs by providing answers validating its capabilities.

The following is an overview of the point allocation and minimum score requirements, if any, for the applicable rated requirement components of this RFP:

Rated Requirement Components	Available Points	Minimum Threshold Required (if applicable)
1. Proponent's Overview, Experience & Logistic Capability	50	25
2. Ordering Process	140	70
3. Customer Support & Account Management	120	60
4. Environmental Considerations	20	Not Applicable
5. Technology and Innovation	40	Not Applicable
6. Financial Incentive to Clients	20	Not Applicable
7. Other Services	10	Not Applicable
TOTAL POINTS FOR RATED REQUIREMENTS:	400 Points	200 Points

Detailed rated requirements, including sub-point allocations are set out in Appendix E.

A minimum threshold for rated requirements, as noted above, must be achieved for any Proponent to move onto the next evaluation stage.

3.4 Stage III – Optional Demonstration & Presentation

Up to four (4) Proponents with the highest scoring Proposals may be invited to a demonstration/presentation session. For example, if only two (2) Proponents are invited, the Proponent whose Proposal has the highest score will be invited as will the Proponent whose Proposal has the second highest score. This session is optional and will be determined at the sole discretion of OECM.

It is anticipated that the session will occur at OECM office. The Proponent should ensure its key resources are available to attend the session, if necessary.

OECM will send a notice and further detail to the Proponent being invited to present its Proposal and online ordering system at least five (5) Business Days and not more than ten (10) Business Days in advance of the proposed date and time for the presentation. If the Proponent is unable to conduct the presentation at the proposed date and time, OECM will use reasonable efforts to: (i) find a mutually agreeable time on the date proposed by OECM; and (ii) if OECM and Proponent are unable to do so, find a mutually agreeable time on a day prior to the date originally proposed by OECM. Proponents will be required to answer questions from the evaluation team during this session. There may be a time restriction to the question and answer period.

OECM reserves the right to revisit the Proponent's scores in the rated requirements based on information learned during the session, should it reveal that there is inconsistency between the Proponent's answers to the rated requirements and the results of the demonstration/presentation session.

The demonstration/presentation session is not an occasion for the Proponent to amend its Proposal.

3.4.1 Content

The Proponent may be asked to address its capabilities and processes as they relate to the deliverables in this RFP:

- Exhibit its experience and logistic capability;
- Describe its proposed ordering process and explain;
- Describe its customer support capabilities and processes;
- Describe its account management capabilities and processes;
- Exhibit its environmental initiatives and related results;
- Exhibit how will its technology bring value, savings and innovation; and
- Demonstrate its online ordering website.

3.4.2 Attendance

Up to three (3) Proponent participants (including technical staff) may attend the demonstration/presentation session.

3.5 Stage IV – Pricing (600 Points)

The Proponent shall submit one (1) completed Appendix C – Rate Bid Form.

Only at the completion of Stage III evaluation, will the package containing Appendix C – Rate Bid Form be opened for all Eligible Proposals.

All Rates applicable to the Products requested in this RFP or identified in the Proposal must be provided in the Proponent's Rate Bid Form (Appendix C).

All Rates will be evaluated based on the smallest common unit. For example, Rate for a box of 12 pens will be evaluated by the Rate for each pen; Rate for a package of 6 pads of Post-it® Notes will be evaluated by the Rate for each pad.

The following is an overview of the pricing evaluation, sub-point allocation is set out in Appendix C – Rate Bid Form:

Pricing Components	Available Points
1. Core Products (909 Products): <ul style="list-style-type: none"> • Computer Supplies (256 Products) • Facility Supplies (52 Products) • Furniture (39 Products) • Paper (48 Products) • Toner and Ink (86 Products) • Office Products (428 Products) 	300
2. Non-core Products	300
TOTAL POINTS FOR PRICING:	600 points

3.5.1 Pricing Evaluation

The evaluation and scoring of the pricing will occur in the following three (3) Steps:

- Step 1 – evaluation and scoring proposed Rates for core Products;
- Step 2 – evaluation and scoring proposed Rates for non-core Products; and
- Step 3 – total of the above two (2) steps.

Step 1 - evaluation and scoring proposed Rates for core Products

Each core Product will be evaluated and scored using a relative formula (i.e. by dividing that Proponent's rate into the lowest rate bid) for proposed Rates on the Rate Bid Form.

The table below illustrates how points will be calculated for proposed Rates for each core Product:

Step 1 - EXAMPLE OF PRICING EVALUATION OF NO. 146, DIXON PINK PEARL PENCIL ERASER, LARGE, PINK		
Proposed Rates	Calculation	Resulting Points
If Proponent 1 proposes the lowest rate of \$1.00, that Proponent will receive 100% of the possible points.	$\$1.00 \div \1.00×0.6216	0.6216
If Proponent 3 bids the second lowest rate of \$1.25 it will receive 80% of the possible points.	$\$1.00 \div \1.25×0.6216	0.4973
If Proponent 2 bids the third lowest rate of \$2.00, it will receive 50% of the possible points.	$\$1.000 \div \2.00×0.6216	0.3108

When a cell is left blank or \$0.00 is entered in any cell on the Rate Bid Form, it is deemed to mean that the particular Product will **not** be provided to Clients from the Proponent. Therefore when evaluating and scoring the proposed Rate for that Product, the Proponent shall receive a zero (0) point score.

The resulting scores for all core Products will be totaled for each Proponent. This process will be repeated for all Eligible Proposals.

In this example, at the end of step 1, the process will result in the following **hypothetical** scores on proposed Rates for core Products:

- Proponent 1 = 290 points;
- Proponent 2 = 250 points; and
- Proponent 3 = 180 points.

Step 2 - evaluation and scoring of non-core Products

Three-hundred and fifty (350) common non-core Products proposed by all Proponents will be evaluated. OEM will select Products from the Proponent's catalogue based on manufacturer, manufacturer's part number and Product description. In the event that OEM is unable to identify three-hundred and fifty (350) common Products across all Proponents being evaluated, OEM reserves the right, at its sole discretion, to reduce the number of non-core Products for evaluation.

The evaluation and scoring will be based on the Product's net Rate submitted on the Rate Bid Form, using relative formula. The sub-point allocation for each non-core Product will be equal.

The scores for all common non-core Products evaluated will be totaled for each Eligible Proposal.

In this example, at the end of step 2, the process will result in the following **hypothetical** scores on proposed Rates for non-core Products:

- Proponent 1 = 250;
- Proponent 2 = 180; and
- Proponent 3 = 280.

Step 3 – total pricing score

At the end of step 2, the scores from step 1 and step 2 will be totaled for each Eligible Proposal as follows:

Step 3 - EXAMPLE OF TOTAL PRICING SCORE			
Pricing Evaluation Step	Proponent 1	Proponent 2	Proponent 3
Step 1 - evaluation and scoring of core Products:	290	250	180
Step 2 - evaluation and scoring of non-core Products:	250	180	280
Step 3 – total of the above two (2) steps:	540	430	460

In this example, Proponent 1 would be the highest scoring Proponent, Proponent 3 would be the second highest scoring Proponent and Proponent 2 would be the third highest scoring Proponent for Stage IV, pricing.

3.6 Stage V – Cumulative Score

At the conclusion of Stage IV, the scores from Stages II and IV will be totaled and, subject to the express and implied rights of OEM, the highest scoring Proponent will become the Preferred Proponent and invited to enter into the Form of Agreement, attached in Appendix A.

Reference checks will be performed to confirm or clarify information provided within the Proposal. The reference checks themselves will not be scored, however, OEM may adjust rated requirements scores related to the information obtained during the reference check.

3.7 Stage VI - Tie Break Process

At this stage, where two (2) or more of the highest scoring Proposals achieve a tie score on completion of the evaluation process, OECM shall break the tie by selecting the Proposal with the highest score in Stage IV – Pricing as the Preferred Proponent.

3.8 Execution of Agreement with Preferred Proponent

Subject to the requirements of this Section, OECM expects that the Agreement will be finalized within fifteen (15) days after notification of award.

Once the Agreement has been finalized, Clients may execute a Client Supplier Agreement with the Supplier.

OECM shall at all times be entitled to exercise its rights under Section 4.6.

3.9 Agreement Launch and Marketing

OECM will promote the use of the Agreement with Clients as set out in Section 1.10. During the post award period, the Supplier will be expected to meet with OECM, as-and-when-required, to discuss an effective collaborative Agreement launch approach.

OECM will work closely with the Supplier and requests that, where available, communications and marketing experts join discussions to achieve the desired outcome.
