IDENTIFICATION LIST FOR SUBCONTRACTORS OR CONTRACTOR ITSELF TO PERFORM HVAC, PLUMBING AND ELECTRICAL WORK

RCW 39.30.060 requires a bidder on certain public work as part of its bid, or within one hour after the published bid submittal time, (1) to submit the names of the subcontractors with which the bidder, if awarded the contract, will subcontract for the performance of heating, ventilation, and air conditioning (“HVAC”), plumbing (as described in Chapter 18.106 RCW), and electrical (as described in Chapter 19.28 RCW) work, or (2) to name itself for the work.

Bidders are notified that PVC or metal conduit, junction boxes, etc., are considered electrical equipment and must be installed by a licensed electrical contractor, even if the installation is for future use and no wiring or electric current is connected during the project. A licensed electrical contractor must be listed to perform the work.

Bidders must indicate on the table below the category of work (HVAC, plumbing or electrical), must identify the subcontractor or name itself to perform that category of work, and must submit this form as part of its bid or within one hour after the published bid submittal time.

The bidder shall not list more than one subcontractor for each category of work identified, unless subcontractors vary with bid alternates, in which case the bidder must indicate which subcontractor will be used for which alternate.

Failure of the bidder to submit as part of its bid, or within one hour after the published bid submittal time, the names of such subcontractors or to name itself to perform such work, or the naming of two or more subcontractors to perform the same work, shall render the bidder's bid nonresponsive and therefore void.

By selecting this certification statement, the apparent bidder or offeror with the apparent low bid agrees:
1. To the submit to the Owner within 15 calendar days of the bid opening, a formal waiver request and required documentation that support the type of waiver being requested.

2. That failure to submit the required documentation within the specified timeframe is cause for a non-responsive determination may result in rejection of the proposal.
3. To faithfully comply with providing US domestic products at or above the approved US domestic content percentage as approved by the FAA.
4. To refrain from seeking a waiver request after establishment of the contract, unless extenuating circumstances emerge that the FAA determines justified.

- a) Listing of all product components and subcomponents that are not comprised of 100% US domestic content (Excludes products listed on the FAA Nationwide Buy American Waivers Issued listing and products excluded by Federal Acquisition Regulation Subpart 25.108; products of unknown origin must be considered as non-domestic products in their entirety)
- b) Cost of non-domestic components and subcomponents, excluding labor costs associated with final assembly at place of manufacture.
- c) Percentage of non-domestic component and subcomponent cost as compared to total “item” component and subcomponent costs, excluding labor costs associated with final assembly at place of manufacture.
