

Investment proposal (project) application form of GREENFIELD land lot

General information	
Title of the investment proposal (project)	Construction of the recreational complex «Stanchyna»
Location (district, city/village, street), land photo, scheme of location	Bahna vil., Vyzhnytsia district, Chernivtsi region  
Owner (owners)	Community of Bahna vil.
Available documents, that certify the ownership (official act, certificate of ownership)	General plan of construction
Preliminary cost (balanced cost, assessed value) ths. UAH	100,0
The actual usage	Pasture
Technical parameters of a land lot	
Area of the available land lot, ha	45,4
Border surroundings (description, scheme)	Borders on the state forestry
Level difference on the land lot, m	50 m
Cadastral end use	Pasture
Proposed end use	For construction of touristic and recreational center, skiing track
Ground-based obstacles (risk of flood and landslide, ecological conditions)	No obstacles
Underground obstacles (level of surface and subterranean waters)	No obstacles
Limitations in use (due to construction, ecology etc.)	According to the requirements of land ownership and good-neighborly relations
Utilities	
Water (availability, parameters)	Distance to the source of fresh water – 250 m
Drainage system (availability, parameters)	Not available
Supplying with gas (availability, parameters)	Distance to the gas supplying net – 3,1 km.
Electricity (availability, parameters)	Distance to the available electrical substation -1 km
Availability	
Ways of communication to the object (autoroads, railways)	Automobile gravel road
The nearest international airport, km, time	International airport «Chernivtsi», 70 km, 1 hour.
The nearest entry point, km	Entry point «Porubne», 90 km
The nearest autoroads of international and national significance, km	Distance to the auto-road P62 «Chernivtsi – Storozhynets – Vyzhnytsia» – 6 km
The nearest railway station, km	Railway station «Vyzhnytsia», 12 km
Contact information	
Proposal is provided by (organization, name of owner, Internet page)	Bahna village council
Contact (name, position, telephone N, e-mail)	Proshchiuk Vasyl – tel.: +38(03730)65413; Kordiak Ivan – tel.: +38(03730)65431; e-mail: bagna_sr@i.ua

Investment proposal (project) application form of GREENFIELD land lot

General information	
Title of the investment proposal (project)	Construction of a brick producing factory
Location (district, city/village, street), land photo, scheme of location	N.Synivtsi vil., Hlyboka district, Chernivtsi region 
	
Owner (owners)	Synivtsi village council
Available documents certifying the ownership (official act, certificate of ownership)	Documents are not available. Land lots are located outside the village.
Preliminary cost, ths. UAH	No monetary estimation
The actual usage	Free of use
Conditions of usage	Selling auction of land ownership or tenant right
Technical parameters of a land lot	
Area of the available lot of land, ha	4,5
Border surroundings (description, scheme)	Next to the gravel road T 2606, living zone – 300 m.
Level difference on the land lot, m	Flat ground
Cadastral end use	Lands of a brick factory
Proposed end use	For industrial building
Ground-based obstacles (risk of flood and landslide, ecological conditions)	No obstacles
Underground obstacles (level of surface and subterranean waters)	No obstacles
Limitations in use (due to construction, ecology etc.)	No limitations
Utilities	
Water (availability, parameters)	Well (300 m), possibility to drill a well
Drainage system (availability, parameters)	Installation of the autonomic system of treatment facilities
Supplying with gas (availability, parameters)	Not available
Electricity (availability, parameters)	Transmission facilities (0,4 kw) on the land lot
Availability	
Ways of communication to the object (autoroads, railways)	Automobile gravel road
The nearest international airport, km, time	International airport «Chernivtsi» – 45 km, 60 min
The nearest entry point, km	Entry point (Romania), CP «Porubne» – 7 km
The nearest autoroads of international and national significance, km	Auto-road «Porubne – Chernivtsi» – 4 km
The nearest railway station, km	Railway station «Hlyboka» – 25 km
Contact information	
Proposal is provided by (organization, name of owner, Internet page)	Synivtsi village council, head – Masir Volodymyr, tel.: +38(03734)52642, mob. +38(050)1881302

Investment proposal (project) application form of GREENFIELD land lot

General information	
Title of the investment proposal (project)	Construction of a commercial pavilion, a storage

	room and establishment of a children's playground
Location (district, city/village, street), land photo, scheme of location	The center of the Turiatka village, Hlyboka district of Chernivtsi region  
Owner (owners)	Turiatka village council
Available documents certifying the ownership (official act, certificate of ownership)	Lands of reserve of Turiatka village council
Preliminary cost, ths. UAH	120,0
The actual usage	Free of use
Conditions of usage	Selling auction of land ownership or tenant right
Technical parameters of a land lot	
Area of the available lot of land, ha	0,30
Border surroundings (description, scheme)	Borders on the autoroad, objects of public building
Level difference on the land lot, m	Flat ground
Cadastral end use	For farming
Proposed end use	For public building
Ground-based obstacles (risk of flood and landslide, ecological conditions)	No obstacles
Underground obstacles (level of surface and subterranean waters)	No obstacles
Limitations in use (due to construction, ecology etc.)	Necessity of conversion into the category of lands of living and public buildings according to the general plan of settlement, land and economic plan with observance of state standards and building rules.
Utilities	
Water (availability, parameters)	Possibility to drill a well
Drainage system (availability, parameters)	Installation of the autonomic system of treatment facilities
Supplying with gas (availability, parameters)	Not available
Electricity (availability, parameters)	Transmission facilities on the land lot – 0,4 kw
Availability	
Ways of communication to the object (autoroads, railways)	Next to the gravel auto-road T2606
The nearest international airport, km, time	International airport «Chernivtsi» – 45 km, 60 min
The nearest entry point, km	CP «Porubne» – 12 km
The nearest autoroads of international and national significance, km	12 km
The nearest railway station, km	Railway station «Hlyboka» – 28 km
Contact information	
Proposal is provided by (organization, name of owner, Internet page)	Turiatka village council, Head – Dutkovych Ivan, tel.: +38(03734)53131, mob. +38(050)5601938

Investment proposal (project) application form of GREENFIELD land lot

General information	
Title of the investment proposal (project)	Creation of a new production in Zastavna

	industrial zone of Chernivtsi region
Location (district, city/village, street), land photo, scheme of location	Bazhanskoho str., Zastavna, Zastavna district 
	
Owner (owners)	Community of Zastavna in the person of the city council
Available documents that certify the ownership (official act, certificate of ownership)	Lands of reserve of Zastavna city council
Preliminary cost, ths. UAH	1408,6
The actual usage	For personal farming
Technical parameters of a land lot	
Area of the available lot of land, ha	2
Border surroundings (description, scheme)	Borders on the railway station of the branch «Verenchanka – Vikna Bukovyny», surfaced road, repair facilities, available land lots for extension.
Level difference on the land lot, m	Flat ground, level difference – up to 1 m
Cadastral end use	For personal farming
Proposed end use	Industrial production
Ground-based obstacles (risk of flood and landslide, ecological conditions)	No risks of flood or landslide
Underground obstacles (level of surface and subterranean waters)	Lower than 10 m
Limitations in use (due to construction, ecology etc.)	No ecological or constructional limitations. Land lot is located outside the safeguard zone.
Utilities	
Water (availability, parameters)	Central water supplying and drainage system.
Drainage system (availability, parameters)	Distance to the connection point – 100 m.
Supplying with gas (availability, parameters)	Pipeline of medium pressure – 300 m
Electricity (availability, parameters)	Available transformer substation (10 kw) – 20 m
Availability	
Ways of communication to the object (autoroads, railways)	Hard-surfaced auto-road
The nearest international airport, km, time	International airport «Chernivtsi» – 45 km, 60 min
The nearest entry point, km	Entry point (Moldova) «Mamalyha – Criva» – 84 km
The nearest autoroads of international and national significance, km	E 85 «Ternopil – Chernivtsi», 5 km
The nearest railway station, km	Railway station «Verenchanka» – 7 km; the branch of railway «Verenchanka – Vikna Bukovyny» serves only transportation of goods – 50 m.
Contact information	
Proposal is provided by (organization, name of owner, Internet page)	Department of economic development and infrastructure of Zastavna district state administration (http://zastavnaeconomy.at.ua), Zastavna city council: www.zmr.gov.ua

Investment proposal (project) application form of GREENFIELD land lot

General information	
Title of the investment proposal (project)	Construction and usage of a recreational complex
Location (district, city/village, street), land photo, scheme of location	«Tutovniki» stow (out of Makarivka vil.), Kelmentsi district, Chernivtsi region
	
Owner (owners)	Manager – the Main Department of State Committee of Land Resources
Available documents, that certify the ownership (official act, certificate of ownership)	Not available
Preliminary cost (balanced cost, assessed value) ths. UAH.	Not available
The actual usage	Free of use
Technical parameters of a land lot	
Area of the available land lot, ha	2,0 ha
Border surroundings (description, scheme)	Borders: on the East – Dniester riverside; on the North, West and South – lands of agricultural exploitation.
Level difference on the land lot, m	6-7°
Cadastral end use	Lands of agricultural exploitation
Proposed end use	Construction for a recreational usage
Ground-based obstacles (risk of flood and landslide, ecological conditions)	No obstacles
Underground obstacles (level of surface and subterranean waters)	No obstacles
Limitations in use (due to construction, ecology etc.)	According to the nature protection requirements
Utilities	
Water (availability, parameters)	Water tower in Makarivka vil. – 1,5 km
Drainage system (availability, parameters)	Not available
Supplying with gas (availability, parameters)	Possibility of supplying with gas, distance to the available gas pipe line – 9 km.
Electricity (availability, parameters)	Distance to the available electrical substation – 1 km
Availability	
Ways of communication to the object (autoroads, railways)	Automobile roads; distance to the nearest settlement (Makarivka vil.) – 0,5 km (unsurfaced road).
The nearest international airport, km, time	International airport «Chernivtsi» – 111 km, 1 hour 30 min.
The nearest entry point, km	Entry point «Kelmentsi» – 30 km

The nearest autoroads of international and national significance, km	Distance to the auto-road P63 Krokva - Vartykivtsi - Ivanivtsi - Checkpoint «Rososhany» –14 km
The nearest railway station, km	Railway station «Lenkivtsi» – 7 km
Contact information	
Proposal is provided by (organization, name of owner, Internet page)	Kelmentsi district state administration, www.kelmenci.oda.cv.ua

Investment proposal (project) application form of GREENFIELD land lot

General information	
Title of the investment proposal (project)	Construction and Servicing of a Commercial Complex or Wayside Service Center
Location (district, city/village, street), land photo, scheme of location	Kitsman district, Berehomet vil., Holovna str.  
Owner (owners)	Community of Berehomet vil. of Kitsman district
Available documents certifying the ownership (official act, certificate of ownership)	Not available
Preliminary cost, ths. UAH	1 256,993
The actual usage	Free of use
Technical parameters of a land lot	
Area of the available lot of land, ha	0,68
Border surroundings (description, scheme)	Borders on the auto-road and domestic building
Level difference on the land lot, m	Flat ground
Cadastral end use	Commercial
Proposed end use	Commercial
Ground-based obstacles (risk of flood and landslide, ecological conditions)	No obstacles
Underground obstacles (level of surface and subterranean waters)	No obstacles
Limitations in use (due to construction, ecology etc.)	According to the conditions and limitations of land lot development, defined in the documentation of territory development
Utilities	
Water (availability, parameters)	There is a necessity of construction of self-contained source of water supplying
Drainage system (availability, parameters)	There is a necessity of the installation of local treatment facility
Supplying with gas (availability, parameters)	Gas supplying network and power network border on the land lot
Electricity (availability, parameters)	
Availability	
Ways of communication to the object (autoroads, railways)	Auto-road of a state significance

The nearest international airport, km, time	International airport «Chernivtsi» – 27 km, 45 min
The nearest entry point, km	Entry point (Romania), CP«Porubne» – 62 km
The nearest autoroads of international and national significance, km	Borders on the auto-road of a state significance H-10/M-19 «Stryi – Ivano-Frankivsk – Chernivtsi – Mamalyha/Domanove-Kovel-Chernivtsi-Terebleche»
The nearest railway station, km	Railway station «Oroshany» – 5 km
Contact information	
Proposal is provided by (organization, name of owner, Internet page)	Berehomet village council; 59332, Chernivtsi region, Kitsman district, vil. Berehomet, Holovna str., 24

Investment proposal (project) application form of GREENFIELD land lot

General information	
Title of the investment proposal (project)	Creation of a municipal plant for solid waste treatment and utilization
Location (district, city/village, street), land photo, scheme of location	Khotyn, Khotyn district, Chernivtsi region
Location on the City general plan	

Owner (owners)	Property of the Khotyn territorial community, the land lot is in usage of the utility plant «Khotynblahoustrii»
Available documents, that certify the ownership (official act, certificate of ownership)	Not available
Preliminary cost (balanced cost, assessed value) ths. UAH	Land sales price – 40 UAH per 1 m ² Land leasehold right sales price – 5 UAH per 1 m ²
Owner (owners)	In usage as a municipal dump
Technical parameters of a land lot	
Area of the available land lot, ha	7,6 ha
Border surroundings (description, scheme)	Lands of Khotyn territorial community
Level difference on the land lot, m	Up to 1 m
Cadastral end use	Lands of reserve of Khotyn city council
Proposed end use	For storage and treatment of the municipal solid waste
Ground-based obstacles (risk of flood and landslide, ecological conditions)	No obstacles
Underground obstacles (level of surface and subterranean waters)	Level of surface and subterranean waters – 4 m
Limitations in use (due to construction, ecology etc.)	According to the legislature in the sphere of solid waste management
Utilities	
Water (availability, parameters)	Distance to the nearest source – 1,5 km
Drainage system (availability, parameters)	Not available
Supplying with gas (availability, parameters)	Distance to the nearest source – 1,0 km
Electricity (availability, parameters)	Distance to the nearest source – 0,9 km
Availability	
Ways of communication to the object (autoroads, railways)	Gravel road of width - 8 m
The nearest international airport, km, time	International airport «Chernivtsi» – 71 km, 1,5 h.
The nearest entry point, km	Checkpoint «Mamalyha» - 30 km
The nearest autoroads of international and national significance, km	Distance to the state auto-road «Porubne – Vasikovychi» - 0,5 km
The nearest railway station, km	«Kamianets-Podilskyi» – 25 km

Investment proposal (project) application form of BROWNFIELD land lot

General information	
Title of the investment proposal (project)	Snowpark Horbovo
Location (district, city/village, street), land photo, scheme of location	Horbovo vil., Bancheny vil., Hertsa district, Chernivtsi region, Ukraine
	
Owner (owners)	Private enterprise «Company «Skyservice»
Available documents that certify the ownership (official act, certificate of ownership)	Certificate of ownership (04.09.2006 НЯЯЯ 933004-005), land tenancy agreement for the period of 49 years
Preliminary cost, ths.UAH	Funds invested in the project's 1-st turn – 1150 ths. US\$
Project description	Providing services for winter sports and entertainment. II turn of project will cover: 3 4-seater ropeways and 3

	lifting devices; 3 restaurants with infrastructure and a coffee-house; 2 hotel complexes with infrastructure; 2 administrative buildings; 1 open-air skating rink; 5 ski slopes
Project stage	I turn of project is completed in 2006: 1. Capital facilities with the area of 296,1 m ² were constructed. 2. 4 ropeways with the capacity of 2400 persons per hour were installed. 3. Systems of energy- and water- supplying, snowmaking were developed. 4. 2 snow-compressing machines were purchased. 5. «Snowtubing-park», ski slopes of different level of complexity, points of fast-food and ski equipment hire were equipped. 6. Ski- and Board-school was organized 7. Pay and Go System to different service zones was introduced. 8. High-qualified personnel was trained.
Project total cost, ths.UAH/th. USD	Investment requirement for the II turn of the project – 2500 ths USD.
Project pay-back period	8 years
Technical parameters of a land lot	
Area of the available lot of land, ha	45,2019 ha, including 6 ha of flat ground for infrastructure construction
Border surroundings (description, scheme)	Auto-road, communities lands of Horbovo and Bancheny of Hertsa district
Level difference on the land lot, m	Up to 120 m, slope grade – 22-25%
Cadastral end use	For farming – 44,42 ha, lands for sports – 0,7742
Proposed end use	During the winter period – mountain skiing
Ground-based obstacles (risk of flood and landslide, ecological conditions)	No obstacles
Underground obstacles (level of surface and subterranean waters)	No obstacles
Limitations in use (due to construction, ecology etc.)	No limitations
Technical parameters of buildings and structures	
Area of premises, m ²	296,1 m ²
Type and condition of buildings and premises	Capital facilities, good condition, 296,1 m ²
Available documents	Certificate of ownership (04.09.2006)
Year of construction	2006
Utilities	
Water (availability, parameters)	Available, autonomic sources of drinking and process water
Drainage system (availability, parameters)	Available, autonomic system of water treatment
Supplying with gas (availability, parameters)	Available, supplied with gas since 2007
Electricity (availability, parameters)	High-voltage electrical substation 35/0,4 kw with capacity 1600 kw
Availability	
Ways of communication to the object (autoroads, railways)	Next to state autoroad Chernivtsi-Hertsa

Investment proposal (project) application form of BROWNFIELD land lot

General information	
Title of the investment proposal (project)	Construction of the medical center «Hertsaiivski Dzherela» and bottling shop for mineral water «Hertsaiivs'ka Dzherelna»
Location (district, city/village, street), land photo, scheme of location	289-a, Tsentralna str., Hryatska vil. (south-western border), Hertsai district, Chernivtsi region 
	
Owner (owners)	«Hertsaiivs'ki Dzherela» LTD, state registration certificate (15.01.2007 №585572)
Project description	Construction of the medical center using available mineral water resources for 287 persons, 5 two-storied cottages with 4 rooms each of them, shop for bottling mineral water with capacity of 14,8 mln. glass bottles per year, objects for treatment, recreation, consumer service and power-producing purposes. 259 new jobs will be created.
Project stage	The project was developed, there is an expertise; resolutions from all licensing authorities and permit to perform construction works (30.09.2008N03-355/08) were received. Pile field, drainage and vertical plan of a site were completed. Scientific research of mineral water was carried out and medical report (24.09.2010

	N3850) was received. Special permit for using mineral wealth was received (24.09.2010 N3850).
Project total cost, ths.UAH/ths. USD	Project investment fund in the prices of 2010 –229,1 mln.UAH. Investment requirement for the project realization for the present moment – 20 mln. Euro on the term of joint activity.
Project pay-back period	3 years and 2 months
Technical parameters of a land lot	
Area of the available lot of land, ha	4,3483
Available documents, that certify the ownership (official act, certificate of ownership)	Tenancy agreement on land for the period of 49 years (29.12.2007)
Normative monetary evaluation of land,ths.UAH	366,909
The actual usage	Lands of reserve of Hryatska village council
Border surroundings (description, scheme)	Located next to auto-road Hryatska-Bairaky and borders on the lands of reserve of Hryatska village council
Level difference on the land lot, m	Mountainous landscape, 200 m above sea level
Cadastral end use	Pasture
Proposed end use	Medical center using available mineral water
Ground-based obstacles (risk of flood and landslide, ecological conditions)	Necessity to move transmission facilities outside the land lot
Underground obstacles (level of surface and subterranean waters)	No obstacles
Limitations in use (due to construction, ecology etc.)	No limitations
Technical parameters of buildings and structures	
Area of premises, m ²	5778,42
Type and condition of buildings and premises	Mineral water borehole with natural iodine content at the depth of 112 m, water salinity – 11-12,5 g/kg. Exploratory-industrial mineral prospecting is carried out since 2010.
Available documents	Project feasibility study developed by «Lvivagroproject», 2008; project expert's report (№52.08/2 13.10.2008) by SE «Ukrderzhbud-ekspertiza»
Year of construction	Construction is not started
Utilities	
Water (availability, parameters)	Construction of water supply pumping station
Drainage system (availability, parameters)	Placing the system of water treatment facilities «BIOTAL-200»
Supplying with gas (availability, parameters)	Not available
Electricity (availability, parameters)	Transmission facilities (10 kw)
Availability	
Ways of communication to the object (autoroads, railways)	Next to gravel autoroad Hryatska – Bairaky. Distance to Hertsa – 10 km, to Chernivtsi – 40 km.
The nearest international airport, km, time	International airport «Chernivtsi» – 40 km, 60 min
The nearest entry point, km	7 km
The nearest autoroads of international and national significance, km	E85-M19-T2604 «Chernivtsi – Hertsa» – 6,1 km

Investment proposal (project) application form of BROWNFIELD land lot

General information	
Title of the investment proposal (project)	Constriction of the tourist complex on the mountain Tomna-Tikul (Pamir)
Location (district, city/village, street), land photo, scheme of location	Chernivtsi region, Putyla district, former cantonment «Tomna – Tikul» №133 is located on the top of the mountain Tomnatic of Shepit village council  
Owner (owners)	Putyla district council (communal property)
Available documents, that certify the ownership (official act, certificate of ownership)	Presently land lot is being let out to the territorial public service center. Certificates of ownership and buildings inventory files are available. Certificate of land ownership is on the preparing stage.
Preliminary cost (balanced cost, assessed value) ths. UAH	Balanced cost – 5 mln. UAH (not including land value). Land value will be set according to the expert estimation.
The actual usage	The land lot is let out to the territorial public service center of Labour and Social Security Department of Putyla District State Administration
Technical parameters of a land lot	
Area of the available land lot, ha	17
Border surroundings (description, scheme)	The land lot borders on hay lands of Selyatyn, Shepit, Dyhtynets village councils, Putyla and Carpathian specialized forestry.
Level difference on the land lot, m	There is a possibility to establish nearly 35 ski- and sledge tracks on the south-eastern and western sides of mountain valley slopes. Length of ski trail on the southern and northern slopes variates from 0,5 up to 3 km. Level of difference of heights on the land lot – 30-40 metres.
Cadastral end use	Construction and servicing of buildings and structures
Proposed end use	Construction of the international tourist complex for 1000 persons.
Ground-based obstacles (risk of flood and landslide, ecological conditions)	No obstacles
Underground obstacles (level of surface and subterranean waters)	No obstacles
Limitations in use (due to construction, ecology etc.)	According to the requirements of land ownership and good-neighbourly relations, the land lot is proposed for long-period leasehold.

Technical parameters of buildings and structures	
Area of the premises, m ²	There are 5 ball-shaped constructions (cupolas) with the diameter 30-50 m, two-storeyed living house for 8 apartments and one-storeyed house, hotel (4 three-rooms apartments, barrack, garages, storage facilities and underground premises on the land lot. Area of buildings – 1430 m ² .
Type and condition of buildings and premises	All buildings are in need of complete repair and reconstruction
Year of construction	1950
Available documents (inventory file, act of putting into operation, engineering documentation, certificate of ownership)	Documentation is on the preparing stage
Utilities	
Water (availability, parameters)	Water supplying is provided from the natural water sources. There is a necessity of reconstruction of water supply intake and setting up of a new water pipe.
Drainage system (availability, parameters)	Reconstruction of available autonomous water treatment facilities and setting up of a sewerage facilities.
Supplying with gas (availability, parameters)	Not available
Electricity (availability, parameters)	Available, electricity source with the capacity of 380 kw.
Availability	
Ways of communication to the object (autoroads, railways)	Unsurfaced mountain road. Distance to the Shepit village - 18 km.
The nearest international airport, km, time	International airport «Chernivtsi» - 175 km, approximately 5 hours.
The nearest entry point, km	Checkpoint «Shepit-Izvoarele Suchyavei», distance - 16 km.
The nearest autoroads of international and national significance, km	Distance to the nearest state road - 60 km.
The nearest railway station, km	«Vyzhnytsa» - 90 km.
