The acceptance or rejection of any or all proposals and the making of an award or a partial award will be at the sole discretion of the Library. Clarification of Proposals

As part of this detailed review of proposals, selected Proposers may be required to make oral presentations of their proposals to the Library. These presentations provide an opportunity for the Proposers to clarify the proposals.

General Specifications

INTRODUCTION

The Library is seeking lawn care and snow removal services for eight Library locations as outlined in the Scope of Services.

The Library will consider proposals that provide both lawn care and snow removal services at its locations; it will also consider proposals for either lawn care or snow removal services at its locations. Although the Library will give a preference to proposals that provide lawn care and/or snow removal services at all locations, the Library will also consider proposals for lawn care and/or snow removal services at select properties. **Proposals should clearly indicate what services and locations are included in the proposal**

The Library seeks proposals that afford the Library the most cost efficient, technically responsive proposal for the acquisition of the subject matter of this RFP. However, the Library recognizes that there may be arrangements different from those requested in the RFP that would afford additional benefits to the Library while satisfying the applicable requirements of this RFP. Accordingly, you may submit alternative proposals for consideration, which offer additional benefits in addition to the requested baseline proposal. These alternatives will be evaluated in conjunction with the primary (baseline) approach for each proposal.

SCOPE OF SERVICES

The Library is seeking proposals from qualified vendors to provide lawn care and/or snow removal services for eight Library locations.

The successful Proposer shall provide lawn care and/or snow removal services for the following locations (**please note that these original landscaping specifications may have changed over the years, and Proposers are encouraged to visit Library locations to assess the current landscaping needs**). Although the Library will give a preference to proposals that provide lawn care and/or snow removal services at all locations, the Library will also consider proposals for lawn care and/or snow removal services at select locations. Proposals should clearly indicate what services and locations are included in the proposal

Diagrams of the Library's locations can be found in ATTACHMENT D. The red lines indicate sidewalk areas, the blue lines indicate parking lots.

The Library's operating hours for the above branches (including the holiday schedule) can be found at <http://www.kclibrary.org/branches>

The selected service provider will provide all personnel, equipment, tools, supplies, supervision and other items and services necessary to perform lawn care/snow removal services for the Library. The selected service provider will present the Library with a list of materials and supplies to be used for lawn care and snow removal.

The selected service provider shall be responsible for all costs associated with any contract resulting from this RFP.

The selected service provider will have been in operation for at least three years.

The Library has a preference for a three-year agreement.

LAWN CARE SERVICES

The lawn services involve an annual comprehensive lawn service program, which will include but is not limited to:

- Weeding
- Grass cutting
- Mulching
- Fertilizing
- Pruning
- Ongoing care of all existing plants, shrubs and trees

Although the estimates below are subject to weather conditions, the Library makes the following annual estimates regarding its lawn care service needs (per location, with the exception of the Central Library):

- The Library has approximately 30 grass cuts per year
- The Library generally weeds approximately 12 times a year
- The Library generally has 1 Spring and 1 Fall lawn clearing

In addition to the general estimates above, the Library may request hourly lawn care service as needed.

The Library maintains its own irrigation systems; however, the Library may request hourly irrigation system maintenance services (including seasonal shutdown of the irrigation systems) as needed. The Library's irrigation systems vary by location, but vary between a 7 to 10 zone irrigation system.

The Central Library location does not have a lawn that needs to be cut. However, it does have natural prairie grass growing on its 5th Floor Rooftop Terrace that requires maintenance. Like the other Library locations, it also has an irrigation system.

The selected vendor will work with Library staff to develop a lawn maintenance schedule that meets the Library's needs and expectations.

SNOW REMOVAL

The snow removal services involve the clearing of snow and ice from all walkways and driveways by either plowing, or shoveling or both as may be required to provide a clear

and unobstructed safe foot and vehicle travel within the boundaries of the Library property as possible, given the weather conditions.

Also, at the Central Library location, the Library may request, as needed, snow removal services for the top surface of its parking garage, its garage sidewalks, and an adjacent side lot.

Please note that the Library rarely closes for inclement weather, and has the goal, whenever feasible, of having snow removed at least one hour prior to the beginning of Library operating hours. YOUR PROPOSAL SHOULD DISCUSS YOUR FIRM'S ABILITY TO PRIORTIZE SNOW REMOVAL AT LIBRARY LOCATIONS IN ORDER TO ACHIEVE THIS GOAL.

Treatment of all sidewalk and parking areas with sand or chemicals such as salt or calcium chloride (ice melt) may also be utilized to enable safe foot traffic. The Library prefers that sand not be used unless necessary. Salt may not be used on any concrete walkways.

All portions of all parking lots are to be plowed or shoveled.

Proposal Content & Format

To provide a degree of consistency in review of the written proposals, Proposers are required to prepare their proposals in the format described below:

Proposal Response Form

An individual having full authority to execute the proposal and to execute any resulting contract for services ("authorized representative") must complete and submit the attached Proposal Response Form (**Attachment A**) or submit a signed letter of transmittal that contains the same information and statements as indicated in the proposal response form.

Experience, Expertise and Capabilities

Give a background of the company's or contractor's experience and qualifications. This should include a brief history, the date founded, ownership and any subsidiary relationships. Also list the types of services the company or contractor is qualified to perform. Give examples of experience for similar services to other entities. If the company or contractor is local to the Kansas City metropolitan area, or if the company or contractor is a minority/women business enterprise (M/WBE), this should be noted in order to utilize the Library's preference for local and M/WBE vendors.

Quality Control Process

Describe your company's quality control process. How long has your current quality control process been in use? Who would be in charge of reviewing the quality control process for the Library?

Supplies

Describe your procurement processes for the purchasing of lawn care and/or snow removal supplies. Explain how you expect to develop cost savings for supplies that can be passed on to the Library. How much consideration is given to the environmental sustainability and public health protection of the supplies?

Personnel

For Company proposals, provide the names of key management personnel who would be directly involved in providing services to the Library. Describe their relationship in the company, the role they would play, their experience, qualifications and years of service with the company. Please note that for snow removal services, due to the sometimes urgent nature of these services, the Library would like to have a clearly identified manager that can be contacted by Library staff.

Use of Subcontractors

The selected Proposer shall be solely responsible for all services as required by the RFP. Subcontractors, if any, will be the responsibility of the Proposer and **the role of subcontractors must be clearly identified in the proposal**. Please note that for snow removal services, the Library prefers that subcontractors not be used, but will consider proposals for snow removal services that utilize subcontractors. The Library may factor this information in the evaluation of the service approach of the Proposer. The use of a subcontractor(s) does not relieve the selected Proposer of liability under this contract (see **Indemnity, Licenses & Releases** in the **Terms and Conditions** section).

Service Approach

Submit a clear, concise response to accomplish the scope of services that reflects your understanding of the Library's requirements as described in the Scope of Service. This response should demonstrate an understanding of the Library's needs.

Cost/Charges

Submit a detailed breakdown of all costs and charges involved in completing the scope of work, with a price schedule for services per location. Please complete and submit **Attachment B**. The Library relies on the Proposer to assure that all charges to complete the scope of work are submitted in the proposal and that there are no hidden costs or charges that will be incurred by the Library.

Authorized Representative

Include the name, title and contact information of the person in your organization authorized to negotiate contract terms and render binding decisions on contract matters.

References

Submit information regarding three (3) comparable projects that the vendor has completed as the prime contractor within the last five (5) years. The projects shall indicate the start and completion dates, the size and number of buildings serviced, services and equipment provided, contract term, warranty, and benefits to the owner. Please provide contact information for each reference.

As a material inducement to Library to enter into this Contract, and to continue to engage Contractor hereunder and to pay to Contractor the compensation referred to herein, Contractor covenants and agrees that Contractor shall not, at any time during or following the cessation of his engagement hereunder, for whatever reason, directly or indirectly, divulge or disclose, for any purpose whatsoever, any of such Confidential Information which has been obtained by or disclosed to Contractor. Upon cessation of this Contract for whatever reason, all Confidential Information, whether in the form of documents, records, notebooks, invoices, statements or correspondence, including copies thereof, relating to the business of the Library then in Contractor's possession or control, whether prepared by Contractor or others, shall remain Library's exclusive property and will be delivered to and left with the Library.

Contractor agrees to indemnify, defend, and hold harmless Library, its representatives and customers from and against any and all suits, demands, liabilities, claims, actions, expenses, losses, and damages of any kind or nature whatsoever arising out of any negligent acts or omissions in connection with the Contract, caused by Contractor, its employees, agents, subcontractors, or caused by others for whom Contractor is liable, in the performance of the Services under this Contract.

Contractor will obtain and pay for all permits and licenses required by law that are associated with the Contractor's performance of Services.

Either party may terminate this Contract without cause upon thirty (30) days prior written notice to the other party. Library reserves the right to cancel, for cause, this Contract without prior written notification. Cause for termination shall include the following: (1) violation by Contractor of any applicable federal, state, or local law, regulation or ethical code; (2) Contractor's substantial under performance, as determined by Library; or (3) failure to comply with the provisions of this Contract. The Contract shall terminate immediately if it is no longer permitted by applicable laws, rules or regulations, or if Library decides to limit or discontinue their operation for any reason.

Modification of Contract

No waiver or modification of this Contract or of any covenant, condition, or limitation herein contained shall be valid unless in writing and duly executed by the party to be charged therewith and no evidence of any waiver or modification shall be offered or received in evidence of any proceeding, arbitration, or litigation between the parties hereto arising out of or affecting this Contract, or the rights or obligations of the parties hereunder, unless such waiver or modification is in writing, duly executed as aforesaid, and the parties further agree that the provisions of this Section may not be waived except as herein set forth.

Codes, Laws and Regulations

Contractor will comply with all applicable codes, laws, regulations, standards, and ordinances in force during the term of this Contract.

Adjustment of Services

The Library reserves the right to eliminate, reduce or otherwise adjust the scope of services provided by the Contractor. If the Contractor does not complete the task within the scheduled time frame, the Library may obtain another contractor to complete the task. Costs incurred to obtain another contractor will be at the Contractor's expense.

Assignability

Neither this Contract nor any rights hereunder may be assigned by the Contractor without Library's prior written consent.

Governing Law

It is understood and agreed that the construction and interpretation of this Contract shall at all times and in all respects be governed by the laws of the State of Missouri. The parties agree that any legal action brought in connection with this Contract is to be maintained only in the Circuit Court of Jackson County, Missouri.

Insurance

Contractor shall purchase and maintain, at its own expense, for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the work by the Contractor, its agents, representatives, or employees.

By the date of award and upon each renewal of its insurance policies, Contractor shall give such certificates of insurance to the Library.

Contractor acknowledges that Contractor is not entitled to receive from Library any tax withholding, workers' compensation, unemployment compensation, or any employee benefits, statutory or otherwise.

Access to Records.

Contractor shall maintain all fiscal records and any other records relating to this Contract in such a manner as to clearly document the Contractor's performance hereunder. Library or any of its duly authorized representatives shall have access to any

books, documents, papers and records of the Contractor which are directly pertinent to this Contract for the purpose of making audits, examinations, excerpts and transcriptions.

Federal, State, and Local Taxes, Licenses, and Permits

Personnel staffing is to be agreed on by both parties prior to commencement of service and may be modified as needed.

All Contractor personnel employed by Contractor for lawn care/snow removal services at the Library shall have undergone full and complete background screening including abuse or sex offender registry and eligibility to work in the United States under I-9 regulations. Under no circumstances will Contractor hire convicted sex offenders, regardless of what job they are being considered for, if they are to be assigned to work on-site at any Library site.

While providing lawn care/snow removal services, the Contractor's employees shall be respectful and courteous to all persons with whom they come in contact, and shall observe acceptable standards of appearance, hygiene, and conduct.
