LP Foundation Grant & Sponsorship Proposal Process

At LP, we build better solutions because we all need a place to call home, one that stands up to storms, wind, heat and the test of time. We build better for a safe place where families can grow, create memories and build their legacy. We build better because our success is measured not only by the homes we help build, but also by the communities and lives we touch.

At LP, we're ***Building a Better World™***.

LP and the LP Foundation want to build strong relationships and support the communities where we live and work. Our teams share their time and expertise to help build strong communities. And we help where we're most needed by giving money, shelter and services to our neighbors, as well as enriching children's education and protecting the environment.

Grants & Sponsorships

The LP Foundation supports 501(c)(3) nonprofit organizations and public schools that fall within our giving areas, including:

- Shelter/Housing Programs
- K–12 Public Schools
- Environmental Programs
- Social Services/Community Needs

Grants will not be awarded to individuals, fraternal organizations, political organizations, sports team, churches, religion organizations, or private schools. They cannot be used for scholarship programs, sport programs, national health organizations unless it's their local chapter, animal programs, or capital or building fund campaigns.

Grant requests are reviewed by a Board of Trustees once annually. Grants are approved on the basis of merit and alignment with our giving areas. It's a competitive process, and not all requests are funded or fully funded every year.

Each calendar year, grant and sponsorship proposals are due by March 31 of that year. LP grants are normally awarded in the May-June timeframe.

We like to see our nonprofit partners spend time on their mission rather than be bogged down by grant proposals, so our grant application process is fairly simple.

Please email the following items to LP.Foundation@lpcorp.com before the annual **March 31 deadline**:

- Completed [Grant Proposal Form](#)
- 501(c)(3) determination letter (unless you are a public school)
- Latest audited financial statement

Please include all funding requests for the year – grants and/or sponsorships – in the same application. **We process requests only once per year.**

During the grant selection process, finalists may be invited to make a short presentation to the LP Foundation Board of Trustees, normally in March or June.
