

COSMETOLOGY I AND NAIL TECH 2019-2020 DISTANCE LEARNING LESSON PLAN APRIL 1-30, 2020

All students will be given a take home packet along with their nail tech practical work and instructions of completing work. Kit check out agreement must be signed.

All students are able to communicate through our BAND app, which was required, the beginning of the school year, as a form of communication, important reminders, and assignment to be turned in. We will continue to use the app along with Edmodo and Milady online resources in order efficiently track students work in order to give them hours needed for licensure and completion of the course.

WORK ON MINDTAP DAILY!!!
